Interagency Coordinating Committee on Preventing Underage Drinking (ICCPUD)

Vision of the ICCPUD

The vision of the Interagency Coordinating Committee on the Prevention of Underage Drinking (ICCPUD) is to provide national leadership in federal policy and programming to support state and community activities that prevent and reduce underage drinking.

Mission of the ICCPUD

The ICCPUD's mission is twofold:

- To facilitate collaboration among the 16 federal member agencies, state and local governments, private and public national organizations, and agencies with responsibility for the health, safety, and wellbeing of America's children and youth.
- To provide resources and information on underage drinking prevention, intervention, treatment, enforcement, and research.

Principles of the ICCPUD

Members of the ICCPUD and other federal partners commit to:

- Speak with a common voice on the prevalence, risks, and consequences of underage drinking
- Increase public awareness about underage drinking and its consequences
- Reinforce effective, evidence-based practices as part of a federally coordinated approach to prevent and reduce underage drinking.
