Maryland State Survey Responses

State Agency Information	
<i>Agency with primary responsibility for enforcing underage drinking laws:</i>	
None	
<i>Methods by which local and state enforcement agencies coordinate their efforts to enforce laws prohibiting underage drinking:</i>	
<p>Maryland is a licensure state, except Montgomery County, which is a controlled jurisdiction. Licensure means that Maryland issues licenses with conditions to private sellers in order to more indirectly control the sale of alcohol. A controlled jurisdiction directly regulates alcohol sales by controlling retail and/or wholesale distribution. Each county and Baltimore City has within its Board of License Commissioners a Liquor Control Board. Each Liquor Control Board has personnel charged with insuring that state regulations are observed. Often, Liquor Control Board personnel work with local law enforcement to conduct various enforcement initiatives. Enforcement of laws prohibiting underage drinking is a part of their overall mission.</p>

<p>Local law enforcement agencies work independently as well as in tandem with local liquor control boards to prevent underage drinking. Data are identified and collected at the local level based on local requirements/needs. While various state agencies (Maryland State Police-Central Records Division Uniform Crime Report, Maryland Department of Transportation, Office of the Attorney General, Comptroller's Office, etc.) collaborate on this issue and have specific mandates, there is no designated state agency responsible for identification and collection of the data requested in this survey. The Comptroller's Office is responsible for investigating issues relating to direct shipment of alcohol by licensed wholesalers and wineries. The Office of the Maryland Attorney General contributes to efforts to prevent underage access to and purchases of alcohol through civil consumer protection enforcement initiatives in Maryland and through multistate actions via the National Association of Attorneys General Youth Access to Alcohol Committee.</p>

Additional Clarification

The Maryland State Drug and Alcohol Abuse Council (SDAAC) was initially established by executive order in 2008 and codified into law on October 1, 2010, as part of a comprehensive strategy to coordinate substance abuse prevention, intervention, and treatment services and to improve the criminal justice and correctional systems' links to these services. The Council is composed of key state cabinet department secretaries, judges, legislators, and citizens. A major responsibility of the Council is to prepare and annually update a 2-year strategic plan that identifies priorities for the delivery and funding of services to the State. Other responsibilities include:

- Identifying promising practices in substance abuse prevention, intervention and treatment.
- Conducting annual surveys of federal and state funds used in Maryland.
- Identifying emerging needs and potential funding sources.
- Disseminating information about funding opportunities to the local and state drug and alcohol abuse councils.

The MSPF Advisory Committee is one of five SDACC workgroups. The committee provides guidance on implementation of the SAMHSA Strategic Prevention Framework design in Maryland. ADAA administers SAMHSA-SPF funds. ADAA staff provide funding, technical assistance, and additional support for the State Epidemiological Outcomes Workgroup (SEOW) and the MSPF Advisory Committee.
