Laws Addressing Minors in Possession of Alcohol

Underage Possession of Alcohol

Possession is prohibited—no explicit exceptions noted in the law.

Underage Consumption of Alcohol

Consumption is prohibited—no explicit exceptions noted in the law.

Internal Possession by Minors

Internal possession is not explicitly prohibited.

Note: Although North Dakota does not prohibit internal possession, it has a statutory provision that prohibits an individual under 21 from having “recently consumed” an alcoholic beverage (N.D. Cent. Code § 5-01-08). Laws that prohibit minors from having alcohol in their bodies, but which do so without reference to a blood, breath, or urine test, are not considered as prohibiting internal possession, for purposes of this report.

Underage Purchase of Alcohol

Purchase is prohibited and there is NO ALLOWANCE for youth purchase for law enforcement purposes.

False Identification for Obtaining Alcohol

Provision(s) Targeting Minors

- Use of a false ID to obtain alcohol is a criminal offense.
- There is no driver’s license suspension procedure.

Provisions Targeting Retailers

- Licenses for drivers under age 21 are easily distinguishable from those for drivers age 21 and older.
- Retailers are permitted to seize apparently false IDs.
- Specific affirmative defense—the retailer inspected the false ID and came to a reasonable conclusion based on its appearance that it was valid.

Laws Targeting Underage Drinking and Driving

BAC Limits: Youth (Underage Operators of Noncommercial Motor Vehicles)

- BAC limit: 0.02
- BAC level at or above the limit is per se (conclusive) evidence of a violation

<p>Program description: The student-designed Before One More campaign focuses on reducing the harmful consequences that come from students making high-risk drinking decisions at the largest campus community in the state (North Dakota State University). The campaign helps students understand when “one more” can become “one too many” by teaching them how to make low-risk decisions regarding alcohol use. For students under age 21, one is one too many. Elements of the campaign include a website (http://www.ndsu.edu/alcoholinfo/students/before_one_more) with educational material, t-shirt giveaways, key tags for the Herd Hauler safe ride program, information on all student tickets to Bison football games, and a Facebook page.</p>

<p>Program description: As part of a grant funded by the U.S. Department of Education (North Dakota Partners in Prevention), 12 campuses in North Dakota require their first-year students to complete an electronic check-up to go (e-CHUG). e-CHUG is a personalized, evidence-based, online prevention intervention originally developed by psychologists at San Diego State University. Drawing on motivational interviewing (Miller & Rollnick, 2002) and social norms theory (Perkins & Berkowitz, 1986), the e-CHUG program is designed to motivate individuals to reduce their consumption using personalized information about their own drinking and risk factors. It is also personalized to each campus, using the most recent alcohol and other drug survey information from that campus. The e-CHUG takes approximately 15 minutes to complete, depending on the student. Students’ personal feedback includes information that has been shown to be particularly motivating to college-aged young adults, including: quantity and frequency of alcohol use, amount of alcohol consumed, normative comparisons, physical health information, amount and percentage of income spent on alcohol, negative consequences feedback, explanation, advice, and local referral information.</p>

<p>Program description: The Reality Check curriculum is designed for grades 4, 5, and 6. The curriculum was designed by Northern Lights Students Against Destructive Decisions (SADD) using input from their state advisory board students. The idea behind Reality Check is to give elementary students the tools they need to address the issues they are facing or will face in middle school. Using SADD members as teachers for the curriculum, the lessons have great impact. Another advantage of using SADD members as teachers is that the participants have the support of the existing SADD program as soon as they reach middle school. A parental component is included.</p>

<p>Program description: New Year’s Eve is often associated with an increase in alcohol use, abuse, and social consequences. The goal of the New Year’s Eve Community Events was to establish a foundation to promote community mobilization to implement further prevention efforts in North Dakota communities. These events mark the beginning of a change in North Dakotan culture and opportunity to engage community leaders to be role models for health behaviors and demonstrate that it is possible to celebrate without using alcohol or other substances. Communities applied for funding to host an event on the night of December 31, 2010. Events needed to last a minimum of 4 consecutive hours to include midnight and be alcohol and drug free, family-friendly, and suitable for all ages. Forty communities participated. While the numbers cannot be broken down into the specific categories above, approximately 4,522 people attended these events.</p>

<p>Program description: The goal of the Live Your No campaign is to encourage youth to find their passion; this will help them make healthy, positive choices in the future. Research shows that when youth are engaged in healthy activities, they are less likely to abuse alcohol and other drugs. Being involved in and having a passion for something fosters skills such as communication, relationship building, self-control, and problemsolving (among others). As these skills join forces, they create healthy, strong, and self-confident individuals. When youth have something they enjoy, look forward to, and are proud of, they are less likely to turn to drugs and alcohol.</p>
