Program description: Developed by the Drug-Free Action Alliance of Ohio, the “Parents Who Host Lose the Most” campaign is aimed at many well-meaning parents who think it is enough to take away car keys at their teens’ parties so the teens can’t drink and drive. Parents provide the alcohol or allow alcohol to be consumed based on the false belief that it’s a rite of passage, especially at prom and graduation parties. The “Parents Who Host, Lose The Most” public awareness campaign was developed by Drug-Free Action Alliance in 2000 to educate parents about the health and safety risks of serving alcohol at teen parties and to increase awareness of and compliance with the Ohio Underage Drinking Laws. This program was modified to meet the needs of Wisconsin communities. Some 65 communities annually implement the campaign with cooperation from law enforcement during prom and graduation season. In 2012, the governor signed a proclamation declaring April as Teenage Drinking Awareness Month to coincide with this campaign.

Wisconsin Strategic Prevention Framework State Incentive Grant (SPF SIG)

Program description: Wisconsin received an SPF SIG through SAMHSA beginning in 2006. Funds were used to support the implementation of environmental strategies in 20 Wisconsin communities. Communities selected from one of the following three priorities: reducing underage drinking, reducing young adult binge drinking, or reducing alcohol-related motor vehicle injuries or fatalities. In the 5 years since program implementation, Wisconsin has seen a significant decrease in underage drinking and alcohol-related motor vehicle injuries and fatalities. The full program evaluation will be completed in September 2012.

Program description: The Alliance for Wisconsin Youth brings together coalitions, individuals, and resources to prevent substance abuse and related behavioral health concerns affecting young people and to promote positive youth development. The Alliance's mission is to enhance and support the capacity of local alliances (member coalitions) in their prevention and youth development work. Over 120 local coalitions are members of the Alliance. The Alliance is served by five Regional Prevention Centers that provide support, training, and technical assistance to community coalitions to prevent alcohol and drug abuse. These coalitions work to implement environmental strategies to prevent underage drinking, among other state priorities.

Additional Clarification	
<p>Many of the questions appear to refer to prevention “programs” that serve indicated or selected populations. Wisconsin has moved many of its services toward environmental strategies influencing population-level change through policies and strategies; thus, many of the questions requesting data on number of youth, parents, or caregivers served do not apply. In addition, Wisconsin is a “local control” state, which means that alcohol policy is done locally (regarding licensure, sales, and enforcement). Wisconsin does not have a statewide Alcohol Control Board. Each city, town, or municipality has its own alcohol licensing board as part of local government that issues alcohol sales licenses and is also responsible for suspension or revocation of these licenses.</p>
