

APPENDICES

This document is excerpted from:

The June 2015 Report to Congress on the Prevention and Reduction of Underage Drinking

APPENDIX A: Surveys

Federal funding supports a wide variety of surveys. Information about underage alcohol use, abuse, and consequences primarily comes from three federally funded surveys—the National Survey on Drug Use and Health (NSDUH), Monitoring the Future (MTF), and the national Youth Risk Behavior Survey (YRBS). Each of these surveys makes a unique contribution to our understanding of the nature of youth alcohol use. NSDUH assesses illicit drug, alcohol, and tobacco use among noninstitutionalized individuals who are 12 years old and older, and serves as the major federal source of nationally representative data on substance use in the general population of the United States. MTF examines attitudes and behaviors of 8th, 10th, and 12th graders with regard to alcohol, drug, and tobacco use and provides important data on both substance use and the attitudes and beliefs that may contribute to such behaviors. YRBS examines risk behaviors among high school students and provides vital information on specific behaviors that cause the most significant health problems among American youth today.

These surveys sometimes differ in their findings. To address differences in youth substance use prevalence estimates generated by these surveys and to improve federal policymakers’ understanding of the influence of methodological differences on those estimates, the Office of the Assistant Secretary for Planning and Evaluation (ASPE) within the Department of Health and Human Services commissioned a group of recognized experts in survey design, sampling techniques, and statistical analysis to examine and compare the methodologies of the surveys. The resulting papers and accompanying federal commentaries appear in a special issue of *Journal of Drug Issues* (Volume 31, Number 3, Spring 2001). Experts agreed that the overall methodology for each survey is strong, and that observed differences are not the result of flaws or serious weaknesses in survey design. In fact, some differences are to be expected—such as those resulting from home- versus school-based settings. From a policy perspective, serious and complex issues such as youth alcohol use and related behavior often require examination and analysis from multiple perspectives. Because no one survey is absolute or perfectly precise, input from multiple sources is not only valuable, but necessary.

National Survey on Drug Use and Health

NSDUH is the primary source of illegal drug-use statistics for the United States population that is 12 years old and older. The survey also collects information about alcohol use; use of tobacco products; trends in initiation of substance use; prevention-related issues; substance dependence, abuse, and treatment; and mental health. Initiated in 1971 and conducted annually since 1990, the survey collects data by administering questionnaires to individuals who constitute a representative sample of the population through face-to-face interviews at their places of residence. The Substance Abuse and Mental Health Services Administration (SAMHSA) sponsors the survey, and SAMHSA’s Center for Behavioral Health Statistics and Quality (CBHSQ) plans and manages it. RTI International collects data under contract. NSDUH

collects information from residents of households and noninstitutional group quarters (e.g., shelters, rooming houses, dormitories), and civilians living on military bases.

Since 1999, NSDUH has been conducted via computer-assisted interviewing. Most questions are administered with audio computer-assisted self-interviewing (ACASI), which provides respondents with a highly private and confidential means of responding to questions. This method increases the level of honest reporting of illicit drug use and other sensitive behaviors. Less sensitive items are administered using computer-assisted personal interviewing (CAPI).

NSDUH provides estimates for each of the 50 states and the District of Columbia, as well as national estimates. Its design oversamples youth who are 12 to 17 years old and young adults who are 18 to 25 years old. For the 2012 survey, 68,309 interviews were completed for an overall response rate of 63.0 percent. Before 2002, NSDUH was called the National Household Survey on Drug Abuse (NHSDA). Because of improvements in the survey in 2002, the 2002 data constitute a new baseline for tracking trends in substance use. Therefore, SAMHSA recommends that estimates from 2002 forward not be compared with estimates from 2001 and earlier years of NHSDA.

Monitoring the Future Study

MTF measures alcohol, tobacco, and illicit drug use, as well as perceived risk, personal disapproval, and perceived availability associated with each substance among nationally representative samples of students in public and private secondary schools throughout the conterminous United States. The National Institute on Drug Abuse (NIDA) supports MTF through a series of investigator-initiated grants to the University of Michigan's Institute for Social Research. Every year since 1975, a national sample of 12th graders has been surveyed. In 1991, the survey was expanded to include comparable numbers of 8th and 10th graders each year. It also administers followup surveys by mail to a representative sample of adults through age 50 from previous high school graduating classes, and to a representative sample of college students who are 1 to 4 years past high school. In 2012, 15,678 8th graders, 15,428 10th graders, and 14,343 12th graders were surveyed for an overall student response rate of 83 percent. University of Michigan staff members administer the questionnaires to students, usually in their classrooms during a regular class period. Questionnaires are self-completed and formatted for optical scanning. In 8th and 10th grades, the questionnaires are completely anonymous. In the 12th grade, they are confidential (to permit the longitudinal followup of a random subsample of participants). Extensive procedures are followed to protect the confidentiality of subjects and their data.

Youth Risk Behavior Survey

In the United States in the late 1980s, only a limited number of health-related school-based surveys such as MTF existed; therefore, the Centers for Disease Control and Prevention (CDC) developed the Youth Risk Behavior Surveillance System (YRBSS) to monitor six categories of priority health-risk behaviors that contribute substantially to the leading causes of death, disability, and social problems among youth and young adults. YRBSS includes biennial national, state, and local school-based surveys of representative samples of students in grades 9 through 12, as well as other national and special-population surveys. CDC conducts the national survey—YRBS—with a target population composed of all public and private high school students in the 50 states and the District of Columbia. Education and health agencies conduct state and local surveys. The national sample is not an aggregation of the state and local surveys, and state and local estimates cannot be obtained from the national sample. In 2011, 15,425 students completed usable questionnaires for the national YRBS with an overall response rate of 71 percent.

Additional Surveys

Three additional federally supported surveys collect alcohol consumption and related information from a segment of the underage population—18- to 20-year-olds. First among these is the National Epidemiologic Survey on Alcohol and Related Conditions (NESARC), a large nationwide household survey sponsored by the National Institute on Alcohol Abuse and Alcoholism (NIAAA) and fielded by the Census Bureau. It assesses the prevalence of alcohol-use disorders and associated disabilities in the general population who are 18 years old and older. The first wave of this longitudinal survey was fielded in 2001 and lasted through 2002. The second wave of NESARC was conducted in 2005 among the individuals who participated in Wave 1; longitudinal information first became available in 2008.

Begun in the early 1980s and fielded every 2 to 4 years, the Worldwide Survey of Substance Abuse and Health Behaviors Among Military Personnel measures prevalence of substance use and health behaviors among active-duty military personnel on United States military bases worldwide. In 2005, the Department of Defense (DoD) initiated the DoD Lifestyle Assessment Program, which incorporates the active-duty health behaviors study and expands the scope to include the National Guard and Reserves, as well as other special studies. In 2006, a Reserves component of the survey was conducted. Data from the 2005 survey, now called the DoD Survey of Health Related Behaviors Among Active Duty Military Personnel, became available in December 2006. Data from the 2008 Active Duty Military Survey, the first of the surveys to include Coast Guard personnel, was released in December 2009. Analyses of the 2009–2010 DoD Survey of Health Related Behaviors Among Guard/Reserve Personnel have now been completed. The 2011 DoD Survey of Health Related Behaviors Among Active Duty Military Personnel is the 11th iteration of the survey and includes the most extensive changes in the survey since its inception in 1980. For the first time, the survey was administered through a

web-based format. In addition, some substance use measures were better aligned with current national civilian health surveys, particularly the National Health Interview Survey (NHIS) conducted by the CDC. Begun in 1957, the NHIS is an annual, multistage probability sample survey of households by United States Census Bureau interviewers for the CDC National Center for Health Statistics (Pleis & Lethbridge-Cejku, 2007). Information related to underage drinkers ages 18 to 20 from these three surveys may be added to this report in the future.

Association versus Causation

In reviewing data related to risky behaviors and different categories of alcohol use, readers should keep in mind that association does not prove causation. Just because alcohol use is associated with other risky behaviors does not mean that it *causes* these other risky behaviors. Often, additional research is needed to establish alcohol as a causative factor.

Additional Methodological Caveats

When reviewing studies of the age of initiation of alcohol use, one must recognize that different researchers use different methods to describe initiation of drinking and to estimate the average age at first use of alcohol. In some cases, this has resulted in large differences in estimates, primarily due to differences in how age groups and time periods are specified in the calculations. The following examples will help readers understand these methodological differences.

A popular method for computing average age involves restricting the age group of estimation to persons who are 12 to 17 years old or 12 to 20 years old, with no restriction on the time period. This method provides an estimate of the average age of first use among those in the age group who have used alcohol at some point in their lifetime, which typically results in a younger estimated average age of first use than other methods. This is because initiation occurring in older age groups is excluded from the calculation, and also because the calculation gives too much weight to very early initiation. For example, 15-year-olds who will first use at age 17 are excluded, since they have not yet used alcohol at the time of data collection. Thus, the 2003 NSDUH average age of first use among lifetime alcohol users who are 12 to 20 years old is 14.0 years; among 20-year-olds, 15.4 years; and among all lifetime drinkers, 16.8 years.

The method has limited utility for assessing trends because estimates do not reflect a well-defined recent period. A 20-year-old may have first used alcohol at age 10, so an average age of first use among 12- to 20-year-olds would span a period covering as many as 10 years. In addition to not reflecting the most current patterns, year-to-year change in this average is typically negligible due to the substantial overlap in the covered periods. Trends in average age of initiation are best measured by estimating the average age among those who initiated alcohol use during a specific period, such as a calendar year or within the 12 months prior to interview, in a repeated cross-sectional survey. These estimates can be made with or without age restrictions; for example, the average age of first use among persons in 2003 who initiated

within the past 12 months was 16.5 years, but restricting the calculation to only those who initiated before age 21 results in an average age of 15.6. Based on the 2003 NSDUH, an estimated 11 percent of recent initiates were 21 years old or older when they first used.

Estimates of average age of first use among recent initiates based on the NSDUH sample of people 12 years old and older is biased upward because it does not capture initiation before age 12. The 2003 NSDUH estimated that 6.6 percent of alcohol initiates from 1990 to 1999 were 11 years old or younger. Excluding these early initiates from calculations inflates the estimate of average age by approximately half a year. This bias can be diminished by making estimates only for time periods at least 2 years prior (e.g., using the 2003 NSDUH, estimate the average age at first use for 2001, but not 2002), an approach used in previous NSDUH reports. Although this approach can provide interesting historical data, it does not give timely information about emerging patterns of alcohol initiation. Furthermore, there are serious bias concerns with historical estimates of the number of initiates and their average age at first use constructed from retrospectively reported age at first use. Older respondents are more likely not to remember accurately when an event occurred. An event may be remembered as having occurred more recently than it actually did—a “forward telescoping” of the recalled timing of events. Evidence of telescoping suggests that trend estimates based on reported age at first use may be misleading.

For example, in the 2006 MTF, alcohol use by the end of 6th grade was reported by 19.4 percent of 8th graders but by only 5.2 percent of 12th graders. Several factors, including telescoping, probably contribute to this difference. Eventual dropouts are more likely than average to drink at an early age; thus, they will be captured as 8th but not 12th graders. Lower grades also have lower absentee rates. Another factor relates to the issue of what is meant by first use of an alcoholic beverage. Students in 12th grade are more inclined to report use that is not adult-approved, and to not report having less than a glass with parents or for religious purposes. Younger students may be more likely to report first use of a limited amount of alcohol. Thus, 8th- and 9th-grade data probably exaggerate drinking whereas 11th- and 12th-grade data may understate it.

Websites for Data on Underage Drinking

These federal websites can be useful to persons seeking data related to underage drinking:

- Information from SAMHSA on underage drinking: <http://www.samhsa.gov/underagedrinking>
- Information from the YRBS: <http://www.cdc.gov/HealthyYouth/yrbs/index.htm>
- Information from NHTSA on underage drinking and on drinking and driving: <http://www.nhtsa.gov/Impaired>
- Information from NIAAA on underage drinking: <http://www.niaaa.nih.gov/AboutNIAAA/NIAAASponsoredPrograms/underage.htm>; <http://www.monitoringthefuture.org>

APPENDIX B: Definitions of Variables

Underage Possession, Internal Possession, and Consumption

1. Conduct Is Prohibited

As of January 1, 2011—subject to certain exceptions listed below—all 50 states and the District of Columbia prohibit possession of alcoholic beverages by persons younger than 21; most jurisdictions prohibit consumption of alcoholic beverages for anyone younger than 21; and several jurisdictions have internal possession laws prohibiting a person younger than 21 from having alcohol in her or his system as determined by a blood, breath, or urine test.

2. Exceptions Related to Family

- Parent/guardian: Exception for minors when a parent or guardian consents and/or is present
- Spouse: Exception for married minors when a spouse consents and/or is present

Some jurisdictions limit the parent/guardian and/or spouse exceptions to specific locations.

3. Exceptions Related to Location

- In any private location
- In private residences
- In parent/guardian's home only

In some jurisdictions, the location exception is conditional on the presence and/or consent of the parent, legal guardian, or spouse.

Underage Purchase and Attempted Purchase

This report uses two sets of variables for purchase of alcoholic beverages by those under age 21.

1. Purchase Prohibited

States may have provisions prohibiting actual or attempted purchase of alcoholic beverages by minors.

2. Exemption: Youth May Purchase for Law Enforcement Purposes

States may permit minors to possess and purchase alcohol for law enforcement purposes, typically as part of a program to check merchant compliance with underage drinking laws. A state may have this exemption even if it does not have a law specifically prohibiting underage purchase (making it an exemption to its underage possession law).

False Identification for Obtaining Alcohol

1. Provisions That Target Minors

Use of False Identification (ID) Prohibited

All states make it a criminal offense for minors to use a false ID when attempting to purchase alcoholic beverages.

License Suspension

States may mandate or authorize the suspension or revocation of the minor's driver's license as a sanction for violating false ID laws. The suspension can occur through either an administrative or a judicial process. The state agency issuing the driver's license is responsible for administrative actions, which do not involve a judicial proceeding. Judicial suspensions occur as part of a court proceeding after the minor has been found guilty of violating the false ID law (and may be accomplished by a court order issued to the licensing authority). State law may authorize both types of processes. For further discussion of policies pertaining to the suspension or revocation for alcohol infractions of minor's licenses, see the "Loss of Driving Privileges for Alcohol Violations by Minors ("Use/Lose" Laws)" section of this report.

2. Provisions That Target Suppliers

Lend/Transfer/Sell

States may prohibit lending, transferring, or selling valid government-issued IDs to persons to whom they do not belong.

Production

States may prohibit altering a valid ID or creating or manufacturing a false ID for the purpose of purchasing alcoholic beverages.

3. Retailer Support Provisions

Scanner

Some states provide incentives to retailers who use electronic scanners that read birth dates and other information digitally encoded on valid ID cards. Incentives may include an affirmative defense in prosecutions for sales to minors if the retailer can show that the scanner was used properly.

Distinctive Licenses

States may have a law or regulation that makes driver's licenses for persons younger than 21 easily distinguishable from adult licenses (e.g., by having the picture in profile for one and frontal for the other).

Seizure of an Identification Document

States may permit retailers to seize apparently false IDs without fear of prosecution even if the identification is valid. The retailer must act reasonably or in good faith (the standard may vary by state) in order to avoid prosecution.

Affirmative Defense

States may grant retailers a defense in a prosecution involving an illegal alcohol sale to a minor based on the retailers' belief that the minor was of age. There are two types of affirmative defenses:

- **Specific:** The retailer inspected the false ID and came to a reasonable conclusion that it was valid.
- **General:** The retailer came to a good faith or reasonable decision that the minor was of age without necessarily inspecting an ID.

Right To Sue Minor

States may allow a retailer the right to sue a minor who uses a false ID to purchase alcohol for any losses or fines suffered by the retailer as a result of the illegal sale.

Detention of Minor

State law may give retailers the authority to detain minors who use false IDs to purchase alcohol. This authority may protect the retailer from liability for false arrest, false imprisonment, slander, or unlawful detention.

Youth Blood Alcohol Concentration Limits (Underage Operators of Noncommercial Motor Vehicles)

1. BAC Limit

Blood alcohol concentration (BAC) is a measure of the amount of alcohol in a person's bloodstream. Although BAC is commonly expressed as a percentage, state laws generally specify BAC levels in terms of grams of alcohol per 100 milliliters of blood (often abbreviated as grams per deciliter, or g/dL). BAC limits for young drivers vary among jurisdictions.

Loss of Driving Privileges for Alcohol Violations by Minors ("Use/Lose" Laws)

1. Types of Violations Leading to License Suspension or Revocation

Types of violations for which a young person's license may be suspended or revoked include:

- Purchase of alcohol.
- Possession of alcohol.
- Consumption of alcohol.

2. Upper Age Limit

The upper age limit is the age below which the license suspension/revocation sanction applies.

3. Authority To Impose License Sanction

Whether state authority to impose driver's license sanctions for underage alcohol violations is mandatory or discretionary

4. Length of Suspension/Revocation

The minimum and maximum number of days of suspension or revocation specified in statutes or regulations. Some states make penalties discretionary but specify periods of time for suspension or revocation.

Graduated Driver's Licenses

1. Learner Stage

Minimum Entry Age

The minimum age at which drivers can operate vehicles in the presence of parents, guardians, or other adults, after all administrative prerequisites of the law in a particular jurisdiction are met, including driver education. This variable does not include the age at which drivers may get permits for the limited purpose of driving only with instructors.

Minimum Mandatory Holding Period

The time period (in months) during which learner permits must be held before drivers advance to the intermediate stage of the licensing process

Minimum Supervised Driving

The minimum number of hours drivers must log in the presence of parents, guardians, or adults before advancing to the intermediate stage of the licensing process

2. Intermediate Stage

Minimum Age

The earliest age at which drivers become eligible to drive without adult supervision, after meeting all administrative prerequisites of the laws of individual jurisdictions, including driver education

Unsupervised Night Driving Prohibited

The starting hour at which adult supervision is required

Primary Enforcement of Night-Driving Restrictions

Law enforcement officers may stop drivers, even if the only basis for the stop is a suspected violation of unsupervised night-driving-hour provisions of GDL laws.

Passenger Restrictions

The total number of passengers allowed in vehicles driven by intermediate-stage drivers

Primary Enforcement of Passenger Restrictions

Law enforcement officers may stop drivers even if the only basis for the stop is a suspected violation of the passenger restriction provisions of GDL laws.

3. License Stage

Minimum Age To Lift Restrictions

Minimum age for full licensure privileges and the lifting of passenger and night-driving restrictions

Furnishing Alcohol to Minors

1. Prohibition against Furnishing of Alcoholic Beverages to Minors

All states make it illegal to furnish alcoholic beverages to minors; most states allow exceptions.

Parent, Guardian, or Spouse Exception

Some states allow exceptions when a parent/guardian or spouse supplies the alcoholic beverage.

Location Limits to Exceptions

Some jurisdictions limit the parent, guardian, and/or spouse exception to specific locations. All of these location exceptions are conditional on the presence and/or consent of the parent, legal guardian, or spouse. Location limits related to exception may include in any private location, in private residences, and/or in a parent/guardian's home only.

2. Affirmative Defense for Sellers and Licensees

Minor Not Charged

Some state laws include provisions requiring that the seller/licensee be exonerated of charges of furnishing alcohol to a minor unless the minor involved is charged.

Compliance Check Protocols

Age of Decoy

- Minimum—the minimum age a decoy may be to participate in a compliance check
- Maximum—the maximum age a decoy may be to participate in a compliance check

Appearance of Decoy

General appearance requirements—for example, decoys must appear their chronological age to a reasonable person or dress appropriately for the geographical area. Specific appearance requirements may apply to males and/or females.

ID Possession

Indicates whether a decoy must carry a valid ID, is prohibited to carry a valid ID, or may specify that the decision is discretionary.

Verbal Exaggeration of Age

Whether the decoy may verbally exaggerate his or her actual age

Decoy Training

Formal training of decoys may be mandated. Brief reviews of guidelines and rules immediately prior to a compliance check are not considered formal training.

Commercial Furnishing: Penalty Protocols

Time Period

Many states establish a time period for defining second, third, and subsequent offenses. If the subsequent offense occurs outside of this time period, the infraction is considered a first offense, and enhanced penalties for multiple offenses will not apply.

Number of Offenses

States define the minimum or maximum fine and days of suspension for each additional offense within the specified time period and/or the age of the youth (if applicable).

Responsible Beverage Service (RBS)

1. Law Type

- **Mandatory**—states that require at least some alcohol servers/sellers, managers, and/or licensees to attend training
- **Voluntary**—states that provide incentives to licensees for having their servers/sellers, managers, and/or licensed individuals participate in training programs
- **No law**—states that have no statutory or regulatory provisions pertaining to mandatory or voluntary responsible beverage service training

2. Mandatory States: Training Required

State provisions for mandatory programs vary widely in who must participate. The categories include licensees, managers, and servers/sellers, or combinations of these categories.

3. Voluntary States

States with voluntary programs may offer various types of incentives to encourage licensees to participate in responsible beverage service training programs. States may offer some or all of the following incentives:

- Defense in dram shop liability lawsuits
- Discounts of various kinds, for example discounts in dram shop liability insurance or license fees
- Mitigation of fines or other administrative penalties for sales to minors or sales to intoxicated persons
- Protection against license revocation for sales to minors or sales to intoxicated persons

4. Application of RBS Training

Mandatory or voluntary RBS training provisions may apply to on-premises establishments, off-premises establishments, or both. They may apply to new licensees, existing licensees, or both. In some cases, states do not specify whether the provisions apply to either or both.

Minimum Ages for Off-Premises Sellers

1. Minimum Age To Sell

Minimum age specified by statute or regulation for off-premises sellers of beer, wine, and spirits

2. Manager or Supervisor Must Be Present

A requirement, beyond those otherwise mandated for all sellers in a jurisdiction, that a manager or supervisor be present when underage persons are selling alcoholic beverages

Minimum Ages for On-Premises Servers and Bartenders

1. Minimum Ages

To Serve

The minimum age specified for on-premises servers of beer, wine, and spirits

To Bartend

The minimum age specified for bartenders to sell or dispense beer, wine, and spirits

2. Manager or Supervisor Must Be Present

A requirement that managers or supervisors be present when underage persons are serving or dispensing alcoholic beverages

Distance Limitations Applied to New Alcohol Outlets Near Universities, Colleges, and Primary and Secondary Schools

States are coded to display the distance limitations that apply to locating new off-premises or on-premises outlets from colleges and/or universities and from primary and secondary schools. The beverage types (i.e., beer, wine, or spirits) subject to any limitations are also specified.

Colleges and Universities

- *Off-Premises Outlet:* Code state law, if any, that regulates the location of any new outlet that sells alcohol (to be consumed off the premises, such as liquor stores) within a certain distance from colleges and/or universities
- *On-Premises Outlet:* Code state law, if any, that regulates the location of any new outlet that sells alcohol (to be consumed on the premises, such as bars and restaurants) within a certain distance from colleges and/or universities
- *Alcohol Products:* Specify beverage subject to regulation (beer, wine, and/or spirits)
- *Other Exceptions:* Describe any exceptions that apply generally to all outlets

Primary and Secondary Schools

- *Off-Premises Outlet:* Code state law, if any, that regulates the location of any new outlet that sells alcohol (to be consumed off the premises, such as liquor stores) within a certain distance from primary and secondary schools.
- *On-Premises Outlet:* Code state law, if any, that regulates the location of any new outlet that sells alcohol (to be consumed on the premises, such as bars and restaurants) within a certain distance from primary and secondary schools.
- *Alcohol Products:* Specify beverage subject to regulation (beer, wine, and/or spirits)
- *Other Exceptions:* Describe any exceptions that apply generally to all outlets.

Dram Shop Liability

States are coded for the existence of statutory dram shop liability and/or common law liability. A dram shop liability designation in a state report signifies that the state allows lawsuits by injured third parties against alcohol retailers for the negligent furnishing of alcohol to a minor.

Common law liability assumes the following procedural and substantive rules:

- A negligence standard applies (i.e., the defendant was negligent because he/she did not act as a reasonable person would be expected to act in like circumstances). Plaintiffs do not need to show that the defendant acted intentionally, willfully, or with actual knowledge of the minor's underage status.
- Damages are not arbitrarily limited. If successful in establishing negligence, the plaintiff receives actual damages and has the possibility of seeking punitive damages.
- Plaintiffs can pursue claims against defendants without regard to the age of the person who furnished the alcohol and the age of the underage person furnished with alcohol.
- Plaintiffs must establish only that the minor was furnished alcohol and that furnishing contributed to injury without regard to the minor's intoxicated state at the time of the sale.
- The plaintiff must establish the key elements of the lawsuit by the "preponderance of the evidence" rather than a more rigorous standard (such as the "beyond a reasonable doubt" usually applied in criminal cases).
- A statutory liability "yes" code indicates that dram shop liability exists through statutory enactment. Three types of limitations are coded:
 - Limitations on damages—statutory caps on the total dollar amount that may be recovered through a dram shop lawsuit.
 - Limitations on who may be sued—factual requirement that persons furnishing alcohol are above a certain age, or that underage persons furnished with alcohol are below a certain age.
 - Limits on elements or standards of proof—legislative requirements that plaintiffs prove additional facts or meet a more rigorous standard of proof than would normally apply in common law. These can include:
 - Requiring proof that the retailer had knowledge that the minor was underage or that the retailer "willfully served" the minor.
 - Allowing recovery only if the minor was intoxicated or obviously intoxicated at the time of furnishing.
 - Requiring "clear and convincing" evidence or "evidence beyond a reasonable doubt" for the plaintiff to prevail.

If no limitations are listed, the statute imposes common law standards.

A responsible beverage service (RBS) defense notation indicates that the dram shop statute has a provision that allows retailers to avoid liability. Affirmative defenses provide that retailers can avoid liability if they can demonstrate that they had RBS training programs in place and that the retailers' staff followed RBS procedures at the time of the incidents. Complete defenses allow retailers to avoid liability by showing only that they attended RBS training.

Note that states may impose other restrictions on dram shop liability claims. This report does not track potentially additional limitations, including:

- The ability of minors who were furnished alcohol to sue the alcohol retailers for self-inflicted injuries, termed "first-party claims."
- The ability of the minors' companions to sue the retailers.

- The existence of various defenses (e.g., contributory or comparative negligence) or procedural requirements (e.g., notice provisions and shortened statute of limitation periods) that may affect the outcome of the litigation.

Social Host Liability

States are coded for the existence of statutory social host liability and/or common law liability. A social host liability designation in a state report signifies that the state allows lawsuits by injured third parties against social hosts for the negligent furnishing of alcohol to minors.

Common law liability assumes the following procedural and substantive rules:

- A negligence standard applies (i.e., defendants did not act as reasonable persons are expected to in like circumstances). Plaintiffs do not need to show that defendants acted intentionally, willfully, or with actual knowledge of the minors' underage status.
- Damages are not arbitrarily limited. If successful in establishing negligence, plaintiffs receive actual damages and can seek punitive damages.
- Plaintiffs must establish only that minors were furnished alcohol and that the furnishing contributed to the injury, without regard to the minors' intoxicated state at the time of furnishing.
- Plaintiffs must establish key elements of lawsuits by "preponderance of the evidence" rather than a more rigorous standard (e.g., "beyond a reasonable doubt" in criminal cases).

A statutory liability "yes" code indicates that social host liability exists through statutory enactment. Three types of limitations are coded:

- Limitations on damages—statutory caps on the total dollar amount that may be recovered through social host lawsuits
- Limitations on who may be sued—factual requirement that persons furnishing alcohol are above or that underage persons furnished with alcohol are below a certain age
- Limits on elements or standards of proof—legislative requirements that plaintiffs prove additional facts or meet a more rigorous standard of proof than would normally apply in common law

These can include:

- Proof that social hosts had knowledge that minors were underage or that social hosts "willfully served" minors.
- Allowing recovery only if minors were intoxicated at the time of furnishing.
- Clear and convincing evidence or evidence beyond a reasonable doubt.

If no limitations are listed, the statute imposes common law standards. Note that states may impose other restrictions on social host liability claims. This report does not track potentially additional limitations, including:

- The ability of minors who were furnished alcohol to sue the social hosts for self-inflicted injuries—"first party claims."
- The ability of the minors' companions to sue the social hosts.

- The existence of various defenses (e.g., contributory or comparative negligence), or procedural requirements (e.g., notice provisions and shortened statute of limitation periods) that may affect the outcome of litigation.

Prohibitions Against Hosting Underage Drinking Parties

1. Statutes Specific to Underage Parties or General Statutes

“Specific” statutes explicitly address underage drinking parties by making reference to the words “party,” “gathering,” “open house,” “hosting,” and similar terms with respect to property owned, leased, or otherwise controlled by the social host. “General” statutes prohibit individuals from allowing or permitting underage drinking on their properties generally, without reference to parties, gatherings, or a similar term. “General” laws have a broader scope than underage drinking parties (e.g., they may also prohibit adults from allowing minors to consume alcohol in settings other than the adult’s home), but are applicable to underage drinking parties.

2. Action by Underage Guests

This variable identifies the specific underlying activity by underage guests that triggers violations. Underage guests must possess, consume, and/or have the intention to possess or consume to trigger a violation.

3. Property Type

Jurisdictions vary regarding the types of property covered by host party laws, including residences, outdoor property, or other sorts of property such as a shed, garage, or other outbuilding, or a hotel or motel room, campground, or other public site.

4. Knowledge Standard

- Overt act—the host must have actual knowledge of specific aspects of the party, and must commit an act that contributes to its occurrence.
- Knowledge—the host must have actual knowledge of specific aspects of the party; no action is required.
- Recklessness—the host may not have acted with actual knowledge of the party, but must act with intentional disregard for the probable consequences of his or her actions.
- Criminal negligence—the host fails to perceive a substantial and unjustifiable risk that unlawful circumstances associated with the party exist.
- Negligence—the host knew or should have known of the event’s occurrence (in legal terminology this is referred to as “constructive knowledge”).

5. Preventive Action Negates Violation

In some jurisdictions, preventive action of various sorts by the social host may negate state-imposed liability. This analysis notes only that some jurisdictions permit preventive action to negate violations, but does not identify the specific actions that would do so as those vary widely across jurisdictions.

6. Exceptions to Underage Guest Requirement

Some jurisdictions with host party laws have exceptions in their statutes for family members or other persons, or for other uses or settings involving the handling of alcoholic beverages.

Retailer Interstate Shipments of Alcohol

States may prohibit or permit the shipment of beer, wine, and or spirits from an out-of-state retailer directly to a consumer's residence. The law may also be uncertain as to whether the out-of-state retailer may ship or whether the consumer may receive any of these beverages. States are coded by the status of the law according to beverage type.

1. Beer

Retailer interstate shipment of beer is prohibited, permitted, or uncertain.

2. Wine

Retailer interstate shipment of wine is prohibited, permitted, or uncertain.

3. Spirits

Retailer interstate shipment of spirits is prohibited, permitted, or uncertain.

Direct Shipments/Sales

1. Direct Sales/Shipments from Producers to Consumers Are Permitted, Specified by Beverage

Some producers are permitted to ship directly to individuals via common carriers. If permitted, the type(s) of alcoholic beverages allowed for shipment are indicated (beer, wine, and/or distilled spirits). Limitations on the amount that may be shipped or received and the types of producers that may ship are not recorded unless the limitations are so severe as to constitute a practical ban on direct shipments.

2. Age Verification Requirements

If a requirement is not listed, it does not exist for the particular jurisdiction:

- Purchasers must make mandatory trips to producers (for age verification purposes) before delivery can be authorized.¹
- Producers/shippers must verify age of purchasers prior to sale. (The relevant legal provision requires affirmative action to verify the ages of purchasers.)
- Common carriers (deliverers) must verify age of recipients prior to delivery. (The relevant legal provision requires affirmative action to verify the ages of the purchasers.)

3. State Approval/Permit Requirements

If a requirement is not listed, then it does not exist for the particular jurisdiction.

- Producers/manufacturers must obtain licenses or permits from a state agency prior to shipping directly to consumers.
- Common carriers must be approved by a state agency.

¹ Laws that require face-to-face transactions for all sales prior to delivery are treated as prohibitions on direct sales/shipments.

4. Recording/Reporting Requirements

If a requirement is not listed, then it does not exist for the particular jurisdiction.

- Producers/manufacturers must record/report purchasers' names for possible inspection by a state agency.
- Common carriers must record/report recipients' names for possible inspection by a state agency.

5. Shipping Label Requirements

There are two possible text requirements for the label used to ship alcohol to consumers. If a requirement is not listed, then it does not exist for the particular jurisdiction.

- Package contains alcohol.
- Recipient must be 21 years old.

Keg Registration

1. Definition of a Keg

In most states, kegs are defined by minimum volume in gallons. In some states, an exact volume is specified; in other states, the volume may be defined as "greater than," "greater than or equal to," "less than," or "less than or equal to" some volume. In a small number of cases, no definition of keg is established by statute or regulation.

2. Prohibited

Some states stipulate that a person may not:

- Possess unregistered or unlabeled kegs.
- Destroy the label on a keg.

Where such prohibitions exist, statutes or regulations may specify a maximum penalty in terms of jail time, fine, or both.

3. Purchaser Information Collected

In some states, information on purchasers of kegs is collected at the time of sale. This information may include any combination of the following: (1) names, (2) driver's license or other government-issued identification number, or (3) addresses at which kegs will be consumed. Variations on how the information is gathered may include the following:

- The retailer is required to record purchasers' identification number or the forms of identification presented by purchasers together with the purchasers' names, addresses, and dates of birth.
- The purchasers' names and addresses must be recorded as they appear on identification produced by purchasers.

4. Warning Information to Purchaser

Some states require that warning information be presented to purchasers concerning violation of any laws related to keg registration. These warnings can address prohibitions such as serving alcohol to minors or failing to register kegs properly. The warning may be active (requiring an

action on the part of the purchaser—e.g., signing a document) or passive (requiring no action on the part of the purchaser).

5. Deposit Required by Statute or Regulation

In addition to deposits that may be required by the vendor, some states require deposits as part of their keg registration policies. These deposits may be on the kegs themselves, the tapper mechanisms used to serve the beer, or both, and are refundable when empty kegs and/or tappers are returned to the merchant. In some cases, multiple deposits may be specified depending on the size of the kegs.

6. Disposable Kegs

Disposable kegs (meant to be disposed of when empty) complicate keg registration laws, as they cannot be easily tagged or traced. Some states currently address disposable kegs by statute or regulation, and others do not.

Home Delivery

States may prohibit, permit, or permit with restrictions the delivery of beer, wine, and or spirits. States may also have no law regarding delivery of any or all of these beverages.

Variable 1a: Beer

1. Home delivery of beer is prohibited.
2. Home delivery of beer is restricted (restrictions described in Beer Notes field).
3. Home delivery of beer is permitted.
4. No law

Variable 1b: Wine

1. Home delivery of wine is prohibited.
2. Home delivery of wine is restricted (restrictions described in Wine Notes field).
3. Home delivery of wine is permitted.
4. No law

Variable 1c: Spirits

1. Home delivery of spirits is prohibited.
2. Home delivery of spirits is restricted (restrictions described in Spirits Notes field).
3. Home delivery of spirits is permitted.
4. No law

Alcohol Taxes

For this policy, taxes are reported for an *index beverage* that represents the largest market share for beer (5 percent alcohol by volume), wine (12 percent alcohol by volume), and spirits (40 percent alcohol by volume). Taxes are not reported for states where the index beverage is wholly or partially sold in state-run retail stores or through state-run wholesalers. In these cases, the state sets a price that is some combination of cost, markup, and taxes. It is not possible to determine the dollar value assigned to each of these components. Such states are reported as CONTROL.

Beer

1. Specific excise tax—tax per gallon on beer of 5 percent alcohol
2. Ad valorem excise tax (on-premises sales)—tax on total receipts for beer of 5 percent alcohol
3. Ad valorem excise tax (off-premises sales)—tax on total receipts for beer of 5 percent alcohol
4. Notes include:
 - A listing of taxes on beer in the range of 3.2 percent to 6 percent alcohol, in addition to those taxes reported in variables 1 to 3.
 - Whether ad valorem excise taxes are applied at the wholesale or retail level—only wholesale is noted. If there is no note, the tax is applied at retail.
 - A notation in states where sales tax is NOT levied when ad valorem excise taxes are levied. This notation gives the sales tax rate and the “sales tax adjusted retail ad valorem excise tax(es)” calculated as the on- and/or off-premises retail ad valorem excise tax minus the (unlevied) sales tax.

Wine

1. Specific excise tax—tax per gallon on wine of 12 percent alcohol
2. Ad valorem excise tax (on-premises sales)—tax on total receipts for wine of 12 percent alcohol
3. Ad valorem excise tax (off-premises sales)—tax on total receipts for wine of 12 percent alcohol
4. Notes include:
 - A listing of taxes on wine in the range of 6 percent to 24 percent alcohol in addition to those taxes reported in variables 5 to 7.
 - Whether ad valorem excise taxes are applied at the wholesale or retail level—only wholesale is noted. If there is no note, the tax is applied at retail.
 - This notation gives the sales tax rate and the “sales tax adjusted retail ad valorem excise tax(es)” calculated as the on- and/or off-premises retail ad valorem excise tax minus the (unlevied) sales tax.

Spirits

1. Specific excise tax—tax per gallon on spirits of 40 percent alcohol
2. Ad valorem excise tax (on-premises sales)—tax on total receipts for spirits of 40 percent alcohol
3. Ad valorem excise tax (off-premises sales)—tax on total receipts for spirits of 40 percent alcohol

4. Notes include:
 - A listing of taxes on spirits in the range of 15 percent to 50 percent alcohol in addition to those taxes reported in variables 9 to 11.
 - Whether ad valorem excise taxes are applied at the wholesale or retail level—only wholesale is noted. If there is no note, the tax is applied at retail.
 - This notation gives the sales tax rate and the “sales tax adjusted retail ad valorem excise tax(es)” calculated as the on- and/or off-premises retail ad valorem excise tax minus the (unlevied) sales tax.

Low-Price, High-Volume Drink Specials

Free Beverages

1. Prohibited
2. Not prohibited—notes identify states that allow a licensee to offer a free drink on a case-by-case basis *only* (e.g., on a birthday or anniversary, as compensation for poor services).

Multiple Servings at One Time

1. Prohibited
2. Not prohibited—If a state only prohibits “more than two servings” but allows the customer to possess two servings at one time, then this state is not counted as Not Prohibiting “multiple servings.” Two different alcoholic beverages served at the same time to a single customer, if such “drink” is a customary combination (such as a shot of spirituous liquor with a malt beverage), is considered one drink.

Multiple Servings for a Single Serving Price (e.g., two-for-one, three-for-one)

1. Prohibited
2. Not prohibited—notes identify states that do not prohibit multiple servings for a single serving price, but place restrictions on this practice. There are currently no notes for this variable.

Happy Hours—Reduced Price

1. Prohibited
2. Restricted—notes identify hours when happy hours. Reduced price may not be offered.
3. Not prohibited

Unlimited Beverages for Fixed Price or Period (e.g., all-you-can-drink, beat-the-clock)

1. Prohibited
2. Not prohibited—notes identify states that do not prohibit unlimited beverages for a fixed price or period, but place restrictions on this practice.

Increased Volume Without Increase in Price

1. Prohibited

2. Not prohibited—notes identify hours when double or triple shots for a single serving price may not be offered.

Wholesaler Pricing Restrictions

For this policy, an index beverage has been selected: beer (5 percent), wine (12 percent), and spirits (40 percent). If the index beverage is controlled, in whole or in part, by the state at the wholesale level, the state is coded as CONTROL, and no additional coding is displayed.

Beer, Wine, Spirits

- *Pricing restrictions exist*
 - a. Yes
 - b. No (no further coding is provided)
- *Volume discounts*—wholesalers are allowed to offer a discount to retailers for the purchase of large quantities.
 - a. Banned—wholesalers are not allowed to offer a discount to retailers based on volume or quantity. The notes field briefly summarizes applicable statutes and regulations.
 - b. Restricted—there is a limit on the quantity for which a discount may be offered. The notes field briefly summarizes applicable statutes and regulations.
 - c. Uncertain—due to case law (ongoing court cases affect the application of the volume discounts). The notes field briefly summarizes applicable court cases.
 - d. No law
- *Minimum markup, maximum discount*—wholesalers must establish a minimum markup or maximum discount for each product sold to retailers and/or are prohibited from selling any product below cost.
 - a. Yes—wholesalers may not sell below cost or must establish a minimum markup or maximum discount for each product sold to retailers. The notes field briefly summarizes applicable statutes and regulations. Collected laws include only those specific to beverage alcohol.
 - b. Uncertain—due to case law (ongoing court cases affect the application of minimum markup, maximum discount). The notes field briefly summarizes applicable court cases.
 - c. No law
- *Post and hold*—wholesalers must publicly “post” prices of their alcohol products (i.e., provide a list of prices to a state agency or send a notice for review by retailers and competitors) and may not reduce these prices for a set amount of time.
 - a. Post and hold—both posting of prices and holding (i.e., not reducing) prices for a specified period of time are required. The notes field indicated the minimum “hold” time and briefly summarizes applicable statutes and regulations.
 - b. Post—posting is required but a “hold” period is not stated or is not clearly defined. The notes field briefly summarizes applicable statutes and regulations.
 - c. Uncertain—due to case law (ongoing court cases affect the application of post and hold). The notes field briefly summarizes applicable court cases.
 - d. No law
- *Retailer credit permitted*—loans from wholesalers to retailers are permitted and/or the period of time required for retailers to pay invoices is specified.

- a. Yes—the notes field indicates the maximum time credit can be extended and briefly summarizes applicable statutes and regulations.
- b. No—transactions must be in cash or payment is due prior to or at the time of delivery. The notes field briefly summarizes applicable statutes and regulations.
- c. Uncertain—due to case law (ongoing court cases affect the application of retailer credit restrictions). The notes field briefly summarizes applicable court cases.
- d. No law

APPENDIX C: State Report Citations

For each state, overall population information is taken from 2010 Census data. Data about the portion of each state's population comprising 12- to 20-year-olds is averaged from 2009, 2010, 2011, and 2012 National Surveys on Drug Use and Health (NSDUHs), SAMHSA's Center for Behavioral Health Statistics and Quality (CBHSQ), and the National Survey on Drug Use and Health (NSDUH, special data analysis, 2013), as are facts about past-month alcohol use and binge use. The confidence intervals for these estimates are available from SAMHSA/CBHSQ/DSDC on request.

National Vital Statistics System data from 2006 through 2010 (CDC, NCHS, NVSS, 2006–2010) serve as the resource for data about alcohol-attributable deaths among people who are younger than 21 years old, and the Centers for Disease Control and Prevention's (CDC) Alcohol-Related Disease Impact (ARDI) application provides the details presented for each state on years of potential life lost as a result of underage fatalities (http://apps.nccd.cdc.gov/DACH_ARDI/Default/Default.aspx). The National Center for Statistics and Analysis (NCSA) provides a Fatality Analysis Reporting System (FARS), from which 2012 data were used to present statistics about fatalities among 15- to 20-year-old drivers.

Legal citations for the following policies can be obtained from the Alcohol Policy Information System (APIS) website (<http://www.alcoholpolicy.niaaa.nih.gov>). On the home page, click on the desired policy; on the policy page click on the "data on a specific date" link. Scroll to the desired state, and click on the citation link in the citation column.

- Underage Possession of Alcohol
- Underage Consumption of Alcohol
- Internal Possession by Minors
- Underage Purchase of Alcohol
- False Identification for Obtaining Alcohol
- Blood Alcohol Concentration Limits: Youth (Underage Operators of Noncommercial Motor Vehicles)
- Loss of Driving Privileges for Alcohol Violations by Minors ("Use/Lose Laws")
- Furnishing Alcohol to Minors
- Responsible Beverage Service
- Minimum Ages for Off-Premises Sellers
- Minimum Ages for On-Premises Sellers
- Host Party Laws
- Keg Registration

APPENDIX H: Data Sheets — Non-APIS Legal Policies and State Enforcement Activities

Compliance Check Protocols						
Jurisdiction	Age of decoy-min.	Age of decoy-max.	Appearance of decoy: General requirements	ID possession	Verbal exaggeration of age	Decoy training
US						
AK	18	201/2	Yes (no rings on left finger; age-appropriate dress; male: no facial hair; female: no excessive facial makeup or lipstick)	Required	Permitted	Mandated
AL	16	19	Yes (male: no beard; female: no heavy makeup)	Discretionary	Prohibited	Mandated
AR						
AZ	16	19	Yes (age-appropriate appearance)	Discretionary	Prohibited	Mandated
CA	Not specified	19	Yes (no hats, sunglasses, tattoos, visible body piercing, clothing with college or alcohol verbiage/logos; minimal jewelry; not large in stature; appropriate dress for age; hair that does not obscure facial features. Male: no facial hair, really short hair, balding or receding hairline. Female: minimal makeup, no provocative clothing)	Discretionary	Prohibited	Not specified
CO	18	20	Yes (age-appropriate appearance with no age enhancements)	Discretionary	Permitted	Not specified
CT	Not specified	Not specified	Yes (no sweatshirts or other clothing appropriate for someone of legal age [e.g., military sweatshirts])	Discretionary	Prohibited	Not specified
DC						
DE	17	20	Yes (male: no facial hair; female no excessive makeup)	Required	Prohibited	Recommended
FL	16	19	Yes (obviously underage in appearance; no uniforms; dress based on community standards in target area; male: no facial hair; female: hair and makeup age-appropriate; no revealing attire)	Discretionary	Prohibited	Not specified
GA			Yes (no facial hair)			

HI						
IA						
ID	16	20.5	Yes (age-appropriate appearance; male: not large in stature; no excessive facial hair; female: minimal makeup and jewelry)	Required	Not specified	Not specified
IL	18	19	Yes (age-appropriate dress; no clothing with alcohol logos. Female: no heavy makeup, excessive jewelry, wedding bands, or suggestive clothing)	Required	Prohibited	Mandated
IN	18	20.75	Yes (age-appropriate dress and grooming)	Prohibited	Prohibited	Mandated
KS	18	19.5	Yes (youthful-looking appearance; male: no facial hair)	Required	Prohibited	Not specified
KY	18	20.5	Yes (age-appropriate appearance and character)	Prohibited	Prohibited	Mandated
LA						
MA	Not specified	Not specified	Yes (age-appropriate appearance)	Prohibited	Prohibited	Recommended
MD						
ME	18	20	Yes (dressed in a manner consistent with age; no sunglasses or baseball caps; male: no facial hair; female: little or no makeup)	Prohibited	Prohibited	Prohibited
MI						
MN						
MO	18	19	Yes (youthful appearance; no headgear obstructing face or hairline; male: no facial hair or receding hairline; female: no excessive makeup or jewelry)	Required	Prohibited	Mandated
MS	16	19	Yes (male: no facial hair and youthful looking)	Required	Prohibited	Not specified
MT						
NC						
ND						
NE	Not specified	20	Yes (no alteration to normal dress and/or appearance; hats or caps not pulled down over eyes)	Required	Permitted	Not specified
NH	17	20	Yes (age assessment panel; casual attire; average height and build. If decoy is age 20, must appear to be between 17 and 19. Male: no facial hair; female: minimal makeup)	Required	Prohibited	Mandated
NJ						
NM	18	19	Yes (age-appropriate appearance; no sunglasses or caps; male: no facial hair; female: no excessive makeup)	Required	Prohibited	Not specified
NV						
NY	18	20.5	Yes (should look age-appropriate)	Discretionary	Permitted	Mandated
OH	17	20	Yes (age-appropriate appearance; hairstyle and clothing consistent with underage persons in target area; minimal jewelry. Male: no facial hair; female: minimal makeup)	Required	Prohibited	Mandated
OK	16	20	Yes (female: light on makeup and no revealing clothing; male: no facial hair)	Not Specified	Prohibited	Not Specified
OR	17	20	Yes (must look under 26 years)	Required	Prohibited	Not specified
PA	18	20.5	Yes (age-appropriate dress and appearance)	Discretionary	Permitted	Mandated
RI						
SC						

SD						
TN	18	20 (minors under 18 allowed only in extreme circumstances)	Yes (youthful appearance; male: no facial hair)	Required	Prohibited	Not specified
TX	Not specified	18	Yes (youthful appearance; attire typical for teenagers in target area; male: no facial hair)	Discretionary	Prohibited	Mandated (orientation meeting required)
UT	18	19	Yes (age-appropriate appearance with no age enhancements)	Required	Prohibited	Mandated
VA	17	19	Yes (age-appropriate appearance, clothing, and physical characteristics. Male: no facial hair; female: no excessive makeup or revealing clothing)	Required	Prohibited	Mandated
VT	18 (director's permission required for 17-year-olds)	20	Yes (young adult appearance; male: no facial hair; female: no excessive makeup)	Required	Prohibited	Not specified
WA	18	20	Yes (no sunglasses or hats; male: no beards; female: little or no makeup)	Required	Permitted	Mandated
WI						
WV	18	20	No	Required	Prohibited	Mandated
WY	18	20	Yes (casual attire, average height and build; male: no facial hair; female: little or no makeup)	Discretionary	Prohibited	Mandated

Direct Shipments/Sales												
Jurisdiction	Direct shipments permitted	Alcohol type permitted	Age verification requirements			State approval/permit requirements		Recording/reporting requirements		Shipping label requirements		Citations
			Mandatory trips to producers	Age verification prior to sale	Age verification prior to delivery	Shipper license/permit required	State approval of common carrier	Shipper record/report buyer's name	Deliverer record/report recipient's name	Package contains alcohol	Recipient must be 21

Penalty Guidelines						
State	Time period	First offense	Second offense	Third offense	Fourth offense	Notes*
Alabama	4 years	\$750 fine and no hearing	\$1,000 fine and no hearing	Hearing required		Board has authority to impose fines up to \$1,000 or invoke a suspension/revocation of up to 1 year
Alaska	No guidelines provided					
Arizona	Not specified	\$1,000–\$2,000 fine and/or up to 30-day suspension	\$2,000–\$3,000 fine and/or up to 30-day suspension	\$3,000 fine and/or up to 30-day suspension		The Department may seek license revocation through the Office of Administrative Hearings
Arkansas	No data					
California	3 years	\$3,000 fine or 15-day license suspension	\$2,500–\$20,000 fine or 25-day license suspension	License revocation		Retailer has option to accept fine in lieu of suspension. List of aggravating and mitigating factors is provided.
Colorado	1 year (2 years for 4th offense)	Written warning up to 15-day license suspension. Licensee may pay a fine in lieu of up to 14-day suspension	25 days suspension, 10 days served, 15 held in abeyance, 5- to 30-day license suspension. Licensee may pay fine in lieu of suspension, or suspension may be held in abeyance if no fine was paid or suspension served at time of first offense.	20- to 45-day license suspension	45-day or more license suspension or license revocation	List of aggravating and mitigating factors is provided.
Connecticut						
Delaware	5 years	\$500 fine	\$2,500 fine	30-day license suspension	60-day license suspension	Mitigating and/or aggravating circumstances may be considered.
District of Columbia						
Florida	Not specified	\$1,000 and 7-day license suspension	\$3,000 and 30-day license suspension	License revocation		
Georgia						
Hawaii	No data					

Idaho	3 years	10-day suspension of alcohol license	30-day suspension of alcohol license	180-day suspension of alcohol license	Revocation of alcohol license	
Illinois	Not specified	\$500 fine	\$2,500 fine and 3-day suspension	\$10,000 fine and 10-day suspension	License revocation	Mitigating and/or aggravating circumstances may be considered.
Indiana	No guidelines provided					
Iowa	Second offense, 2 years; third and subsequent offenses, 3 years	\$500 civil penalty or 14-day license suspension	\$1,500 civil penalty and 30-day license suspension	\$1,500 civil penalty and 60-day license suspension	License revocation	Affirmative defense possible for licensees when the employee guilty of the violation has successfully completed the Iowa Program for Alcohol Compliance Training prior to the violation occurring. A violation involving a sale to a person under age 18 does not qualify for affirmative defense. A licensee may use affirmative defense only once in a 4-year time period.
Kansas	Not specified	\$500 fine	\$750 fine	\$1,000 fine	\$1,000 fine and license suspension for 2 weekend days	Fifth offense, \$1,000 fine and 4-day license suspension (weekend days); sixth offense, \$1,000 fine and 7-day license suspension; seventh offense, \$1,000 fine and 14-day license suspension; eighth offense, \$1,000 fine and license revocation
Kentucky	2 years	\$1,800 fine and/or 36-day suspension	\$3,600 fine and/or 72-day license suspension			
Louisiana	No data					
Maine		\$200–\$400 fine	\$400–\$600 fine	\$600–\$800 fine	\$1,000–\$1,250 fine	All fines come with a 20% surcharge and a \$100 civil legal fund fee.
Maryland	No data					
Massachusetts	No guidelines provided					
Michigan	No data					
Minnesota	No guidelines provided					
Mississippi		\$500 to \$1,000 fine	\$1,000 to \$2,000 fine plus license revocation			
Missouri	No guidelines provided					
Montana	3 years	\$250 fine	\$1,000 fine	\$1,500 fine and 20-day license suspension	License revocation	List of aggravating and mitigating factors is provided.

Nebraska	4 years	\$500–\$1,000 fine	2-day license suspension and \$2,000 fine	5-day license suspension and \$2,000 fine	License revocation	Retailer may take additional suspension days in lieu of fines (\$50 per suspension day for first offense; \$100 per suspension day for repeat offenses). First- and second-offense penalties are reduced if person making sale has received Responsible Beverage Service training. Penalties are more severe if second or third offense occurs in shorter time period.
Nevada	No data					
New Hampshire	Not specified	No aggravating factors: \$500 fine, 4 license points, 3 days suspension				Fine range mandated by statute. Only one compliance check annually shall incur license points.
New Jersey	Not specified	15-day license suspension	30-day license suspension	45-day license suspension	License revocation	Guidelines apply for sales to 18- to 20-year-olds. Penalties are doubled for sales to minors under age 18. Department may accept a monetary offer in compromise for all or part of license suspensions.
New Mexico	1 year	\$1,000–\$2,000 fine and 1-day license suspension	\$2,000–\$3,000 fine and 7-day license suspension	\$10,000 fine and license revocation		
New York	5 years	\$3,000 fine if the minor was 19 years old or older; \$3,500 fine if the minor was at least 16 years old				If the licensee has been licensed for at least 5 years, the proposed penalty may be reduced by \$500. If the licensee is a package or wine store, the proposed penalty must be increased by \$500.
North Carolina		\$500	Up to \$750	Up to \$1,000 or license suspension		
North Dakota	No data					
Ohio	No guidelines provided.					
Oklahoma	No data					
Oregon	2 years	\$1,650 fine or 10-day suspension	\$4,950 fine or 30-day license suspension	30-day license suspension	License revocation	
Pennsylvania	4 years	\$1,000–\$5,000 fine and/or license suspension/revocation	\$1,000–\$5,000 fine and/or license suspension/revocation	License suspension or revocation		If licensee has participated in Responsible Alcohol Management program and has not sold to minors in previous 4 years, penalty can be \$50–\$1,000 fine and/or license suspension/revocation.
Rhode Island	No data					

South Carolina		\$500 fine	\$1,000 fine	\$1,500 fine and 15-day suspension	License revocation	
South Dakota	No data					
Tennessee	1 year	\$1,500 fine				
Texas	3 years	8- to 12-day suspension or \$300 per suspension day	16- to 24-day suspension or \$300 per suspension day	48-day suspension or license revocation or \$300 per suspension day		
Utah		5- to 30-day suspension and/or \$500–\$3,000 fine	10- to 90-day suspension and/or \$1,000–\$9,000 fine	15-day suspension up to revocation and/or \$9,000–\$25,000 fine		
Vermont	Not specified	Written warning or fine of \$250	\$300 fine or 3-day license suspension (compliance-check setting only)	\$500 fine or 5-day license suspension (compliance-check setting only)	Mandatory hearing to consider license suspension or revocation (compliance-check setting only)	Written warning allowed in compliance-check setting. For noncompliance check setting: \$500 fine applies to sales to 19-year-olds; \$250 fine applies to sales to 20-year-olds; hearing required for sales to those under 18 years old.
Virginia	3 years	\$2,000 fine or 25-day license suspension				For first offense in 3-year period, licensee can agree to have responsible employee receive Responsible Beverage Service training and accept a reduced penalty of \$1,000 fine or 5-day license suspension.
Washington	2 years	5-day suspension or \$500 fine	7-day suspension	30-day suspension	Cancellation of license	
West Virginia	No guidelines provided					
Wisconsin	12 months	Not specified	Up to 3-day license suspension	3- to 10-day license suspension	15- to 30-day license suspension

2013 State Enforcement Data					
State	State agency	St_copshop	St_shouldtap	St_partypat	St_UAfatal
Alabama	Alabama Alcoholic Beverage Control Board	Yes	No	No	No
Alaska	The Alcoholic Beverage Control (ABC) Board coordinates efforts with the Alaska Bureau of Alcohol and Drug Enforcement (ABADE) division of the Alaska State Troopers. The agency also depends on state and local police to enforce alcohol laws (Title 4). With four investigators and one enforcement unit supervisor, the ABC Board must rely on the assistance of local law enforcement and state troopers to enforce laws across the state. License fees are refunded to municipalities that have police departments and that enforce Title 4. The Alaska Court System has primary responsibility for enforcing the consequences related to any charges.	No	No	Yes	Yes
Arizona	Arizona Department of Liquor Licenses and Control (AZ DLLC)	No	No	No	Yes
Arkansas	ABC Enforcement	Yes	Yes	Yes	Yes
California	California Alcoholic Beverage Control	Yes	Yes	Yes	Yes
Colorado	Liquor Enforcement Division, Colorado Department of Revenue	No	No	Yes	Yes
Connecticut	Department of Consumer Protection, Liquor Control Division	No	No	No	No
Delaware	Division of Alcohol & Tobacco Enforcement	Yes	No	Yes	Yes
District of Columbia	The Metropolitan Police Department and the Alcoholic Beverage Regulation Administration	No	No	No	No
Florida	Florida Department of Business and Professional Regulation, Division of Alcoholic Beverages and Tobacco, Bureau of Law Enforcement	Yes	Yes	Yes	No
Georgia	Georgia Department of Revenue Alcohol and Tobacco Division	No	Yes	No	Yes
Hawaii	The State of Hawaii, Department of Health, Alcohol and Drug Abuse Division, is primarily responsible for the Enforcing Underage Drinking Laws (EUDL) program. The County Police Departments and the Liquor Commission are responsible for enforcement.	No	No	No	No
Idaho	Idaho State Police Alcohol Beverage Control (ISP ABC)	No	Yes	Yes	Yes
Illinois	Illinois Liquor Control Commission (sales to minors only)	No	Yes	Yes	No
Indiana	Indiana State Excise Police	Yes	No	No	Yes
Iowa	Iowa Department of Public Safety, Iowa State Patrol Methods by which local and State enforcement agencies coordinate their efforts to enforce laws prohibiting underage drinking: There is no single state alcohol agency for enforcement in Iowa. The Iowa State Patrol works closely with local law enforcement agencies to conduct projects involving underage drinking. Strong working relationships have enabled the program to succeed and prosper into something that is making a difference in communities across the state of Iowa. The Division of Criminal and Juvenile Justice Planning in the Iowa Department of Human Rights receives Enforcing Underage Drinking Laws (EUDL) grant funds, and part of those funds are used by the State Patrol and other local law enforcement agencies to conduct compliance checks and other underage drinking education efforts. Some community coalitions also fund compliance checks. The Alcoholic Beverages Division (ABD) of the Iowa Department of Commerce also partners with local law enforcement when following up on a complaint or an investigation.	No	No	Yes	Yes
Kansas	Kansas Department of Revenue, Alcoholic Beverage Control Division	Yes	Yes	Yes	No
Kentucky	Kentucky Department of Alcoholic Beverage Control	Yes	No	No	No

Louisiana	Louisiana Office of Alcohol and Tobacco Control	Yes	No	No	Yes
Maine	There is no statewide enforcement agency. The Bureau of Liquor Enforcement was disbanded in 2003.	No	No	No	No
Maryland	None	No	No	No	No
Massachusetts	Massachusetts Alcoholic Beverages Control Commission	Yes	No	Yes	Yes
Michigan	Michigan Liquor Control Commission (MLCC)	No	No	Yes	Yes
Minnesota	Minnesota Department of Public Safety	No	No	No	Yes
Mississippi	State of Mississippi, Mississippi Department of Revenue/Office of ABC Enforcement	Yes	No	Yes	Yes
Missouri	Department of Public Safety, Division of Alcohol and Tobacco Control	No	No	No	Yes
Montana	Montana Highway Patrol, County Sheriff Offices, and local municipal police departments; Montana Department of Revenue, Liquor Control Division, for liquor violations	No	No	No	No
Nebraska	Nebraska State Patrol	No	Yes	Yes	Yes
Nevada	Nevada does not have a state-level alcohol control agency. Each local jurisdiction is responsible for enforcing state laws and local ordinances related to underage drinking. The Nevada Department of Health and Human Services, Juvenile Justice Programs Office, manages the Enforcing Underage Drinking Laws (EUDL) program funded by OJJDP, and subgrants funds distributed to local prevention coalitions and law enforcement agencies.	No	No	No	Yes
New Hampshire	New Hampshire State Liquor Commission Division of Enforcement and Licensing.	Yes	No	Yes	Yes
New Jersey	New Jersey Division of Alcoholic Beverage Control (NJABC)	Yes	No	No	Yes
New Mexico	Training by SID to other law enforcement agencies. Joint operations with other law enforcement agencies such as Minor Compliance and Shoulder Tap operations Opts.	Yes	Yes	No	No
New York	New York State Police—criminal violations, New York State Liquor Authority (SLA)—administrative violations (actions taken against licensees)	No	No	Yes	Yes
North Carolina	Alcohol Law Enforcement Section of the Department of Public Safety	Yes	No	Yes	Yes
North Dakota	North Dakota does not have an Alcohol Beverage Control agency. Responsibilities are shared across several state agencies.	No	No	No	Yes
Ohio	The Ohio Investigative Unit	No	No	Yes	Yes
Oklahoma	Oklahoma Alcoholic Beverage Laws Enforcement (A.B.L.E.) Commission	Yes	No	Yes	Yes
Oregon	Oregon Liquor Control Commission	No	No	No	Yes
Pennsylvania	Pennsylvania State Police Bureau of Liquor Control Enforcement	No	No	Yes	Yes
Rhode Island	Rhode Island Department of Behavioral Healthcare, Developmental Disabilities and Hospitals (BHDDH). Rhode Island does not have a separate alcohol beverage control agency. The Department cannot issue citations, fines, or the like. Enforcement happens at the local level.	No	No	No	Yes
South Carolina	State Law Enforcement Division (SLED)	No	No	No	Yes
South Dakota	Department of Revenue (DOR)	No	No	No	No
Tennessee	Tennessee Alcoholic Beverage Commission	Yes	No	Yes	Yes
Texas	Texas Alcoholic Beverage Commission	Yes	Yes	No	Yes
Utah	Utah Department of Public Safety/State Bureau of Investigations/Alcohol Enforcement Team	No	Yes	Yes	Yes
Vermont	Vermont Department of Liquor Control	Yes	No	Yes	Yes

Virginia	The Virginia Department of Alcoholic Beverage Control's Bureau of Law Enforcement has continued to enforce the laws of the Commonwealth through several initiatives such as our Alcohol Compliance Program. In FY 2012, 3,283 checks conducted resulted in a compliance rate of 87.07%. There were over 9,647 criminal investigations conducted resulting in 1,811 arrests, 690 written warnings, and 716 administrative violations against ABC-licensed establishments.	Yes	No	Yes	Yes
Washington	Washington State Liquor Control Board	No	No	No	Yes
West Virginia	WV Alcohol Beverage Control Administration	No	Yes	Yes	Yes
Wisconsin	No state agency has primary responsibility	No	No	No	Yes

Variable Label	Variable Question	Answers
State	Please enter your state	State names
State_Agency	A.1–Please identify the state agency/department that has PRIMARY RESPONSIBILITY for ENFORCING laws designed to prevent underage drinking (e.g., sales and/or furnishing of alcohol to minors, social host laws, minor in possession).	Name of agency
	A.2–Do state or local law enforcement agencies engage on a regular basis in any of the following (see definitions): COPS IN SHOPS: A well-publicized enforcement effort in which undercover law enforcement officers are placed in retail alcohol outlets. SHOULDER TAP: Trained young people (decoys) approach individuals outside of retail alcohol outlets and ask the individuals to make an alcohol purchase. PARTY PATROL/PARTY DISPERSAL: Operations that identify and/or safely make arrests and issue citations at underage drinking parties. UNDERAGE ALCOHOL-RELATED FATALITY INVESTIGATIONS: Investigations to determine the source of alcohol ingested by fatally injured minors.	
St_copshop	State law enforcement agencies engage in Cops in Shops efforts	Yes No
St_shouldtap	State law enforcement agencies engage in Shoulder Tap efforts	Yes No
St_partypat	State law enforcement agencies engage in Party Patrol/Party Dispersal operations	Yes No
St_UAfatal	State law enforcement agencies engage in Underage Alcohol-Related Fatality Investigations	Yes No
Lo_copshop	Local law enforcement agencies engage in Cops in Shops efforts	Yes No
Lo_shouldtap	Local law enforcement agencies engage in Shoulder Tap efforts	Yes No
Lo_partypat	Local law enforcement agencies engage in Party Patrol/Party Dispersal operations	Yes No
Lo_UAfatal	Local law enforcement agencies engage in Underage Alcohol-Related Fatality Investigations	Yes No
Collect_MIP	A.3–Does your state collect data/maintain records on the number of minors found in possession?	Yes No Don't Know
Number_MIP	A.3.a–Based on readily available data, please provide estimates of how many minors the state found in possession (or having consumed or purchased per your State statutes) of alcohol during the most recent year for which complete data are available.	Number minors in possession
Date_MIP	Period for which data in A.3.a are reported	12 months ending: MM/DD/YYYY
Local_MIP	A.3.b–Do the data provided above include arrests/citations issued by local law enforcement agencies?	Yes No Don't Know

St_cmchk_concol	B.1–Does your state alcohol law enforcement agency conduct underage compliance checks/decoy operations to determine whether alcohol retailers are complying with laws prohibiting sales to minors? Do you collect data on these activities?	Yes Yes (Yes, we conduct these activities, and we collect data on them) Yes No (Yes, we conduct these activities, but we do not collect data on them) No No (No, we neither conduct these activities nor collect data on them) DKNA (Don't Know/No Answer)
Num_Lic	B.1.a–Based on readily available data, please provide an estimate of the number of retail licensees in your state (excluding special licenses such as temporary, seasonal, and common carrier licenses)	Number of retail licensees in state
St_cmchk_num	B.1.b–Based on readily available data, please provide estimates of the number of licensees in your state upon which underage compliance checks/decoy operations were conducted by your primary state alcohol law enforcement agency. Please report on the most recent year for which you have complete data. (If you do not collect these particular data, please leave blank)	Number of licensees upon which state compliance checks conducted
St_cmchk_fail	B.1.c–Based on readily available data, please provide estimates of the number of licensees that failed these State compliance checks/decoy operations by selling or serving an alcoholic beverage to an underage individual. Please report on the most recent year for which you have complete data. (If you do not collect these particular data, please leave blank)	Number failed
St_cmchk_date	B.1.d–Period for which data are reported in B.1.a and B.1.b	12 months ending: MM/DD/YYYY
St_typelicck	B.1.e–Are the compliance checks/decoy operations conducted at both on-sale and off-sale retail establishments?	On-sale only Off-sale only Both
St_random	B.1.f–Does your state alcohol law enforcement agency conduct random compliance checks/decoy operations?	Yes No
Random_num	B.1.g–Based on readily available data, please provide number of licensees subject to random compliance checks/decoy operations	Number of licensees subject to random checks
Random_fail	B.1.h–Please provide number of licensees that failed the random compliance checks/decoy operations	Number failed random checks
Lo_cmchk_concol	B.2–Do local law enforcement agencies conduct underage compliance checks/decoy operations to determine whether alcohol retailers are complying with these laws? Do you collect data on these activities?	Yes Yes (Yes, local law enforcement conducts these activities and we collect data on them) Yes No (Yes, local law enforcement conducts these activities, but we do not collect data on them) No No No, we neither conduct these activities nor collect data on them DKNA Don't Know/No Answer

Lo_cmchk_num	B.2.a–Based on readily available data, please provide estimates of the number of licensees in your state upon which underage compliance checks/decoy operations were conducted by local law enforcement agencies. Please report on the most recent year for which you have complete data. (If you do not collect these particular data, please leave blank)	Number licensees upon which local compliance checks conducted
Lo_cmchk_fail	B.2.b–Based on readily available data, what was the TOTAL number of licensees who failed the local compliance check/decoy operations by selling or serving an alcoholic beverage to an underage individual for the most recent year for which complete data are available? (If you do not collect these particular data, please leave blank)	Number Failed
Lo_cmchk_date	Period for which data are reported in B.2.a and B.2.b	12 months ending: MM/DD/YYYY
Fines_collect	C.1–Does your state collect data/maintain records on the NUMBER and/or TOTAL AMOUNT of FINES imposed on retail establishments for furnishing to minors?	Yes No Don't Know
Fines_num	C.1.a–Based on readily available data, please provide estimates of the following over the last 12-month period for which complete data are available: Number of fines . Do not include fines imposed by local agencies. Enter a zero (0) if no fines were imposed in the 12-month period. (If you do not collect these particular data, please leave blank)	Number of fines
Fines_dollar	C.1.b–Based on readily available data, please provide estimates of the following over the last 12-month period for which complete data are available: Total Amount of Fines In Dollars Across all Licensees . Do not include fines imposed by local agencies. Enter a zero (0) if no fines were imposed in the 12-month period. (If you do not collect these particular data, please leave blank)	Total amount of fines In dollars
Fine_small	C.1.c–Based on readily available data, please provide estimates of the following over the last 12-month period for which complete data are available: Smallest fine imposed on a retail establishment for furnishing alcohol to minors . Do not include fines imposed by local agencies. Enter a zero (0) if no fines were imposed in the 12-month period. (If you do not collect these particular data, please leave blank)	Smallest fine imposed
Fine_large	C.1.d–Based on readily available data, please provide estimates of the following over the last 12-month period for which complete data are available: Largest fine imposed on a retail establishment for furnishing alcohol to minors . Do not include fines imposed by local agencies. Enter a zero (0) if no fines were imposed in the 12-month period. (If you do not collect these particular data, please leave blank)	Largest fine imposed
