## Laws Addressing Minors in Possession of Alcohol

### Underage Possession of Alcohol

Possession is prohibited with the following exception(s):

- Private residence AND
- Parent/guardian

### Underage Consumption of Alcohol

Consumption is not explicitly prohibited.

*Note:* Iowa law does not specifically prohibit consumption of alcohol by persons under 21. Iowa does, however, have a general statute prohibiting the use or consumption of alcohol by any person in a public place. In addition, Iowa law provides that if a child, defined as a person under 18 years old, is found to have violated the general prohibition against consumption of alcohol in a public place, the child's driver's license or operating privilege may be suspended or revoked for a period of 1 year. For more information, see Loss of Driving Privileges for Alcohol Violations by Minors ("Use/Lose" Laws).

### Internal Possession by Minors

Internal possession is not explicitly prohibited.

### Underage Purchase of Alcohol

Purchase is prohibited and there is no allowance for youth purchase for law enforcement purposes.

### False Identification for Obtaining Alcohol

#### *Provision(s) targeting minors*

- Use of a false ID to obtain alcohol is a criminal offense.
- Penalty may include driver's license suspension through a judicial or administrative procedure.

#### *Provision(s) targeting retailers*

- Licenses for drivers under age 21 are easily distinguishable from those for drivers age 21 and older.
- Retailers are permitted to seize apparently false IDs.
- General affirmative defense—the retailer came to a good faith or reasonable decision that the purchaser was 21 years or older; inspection of an identification card not required.

## Laws Targeting Underage Drinking and Driving

### BAC Limits: Youth (Underage Operators of Noncommercial Motor Vehicles)

- BAC limit: 0.02
- BAC level at or above the limit is per se (conclusive) evidence of a violation
- Applies to drivers under age 21

### Loss of Driving Privileges for Alcohol Violations by Minors ("Use/Lose Laws")

Use/lose penalties apply to minors under age 18.

***Type(s) of violation leading to driver’s license suspension, revocation, or denial***

- Underage purchase
- Underage consumption

***Authority to impose driver’s license sanction***

- Discretionary

***Length of suspension/revocation***

- 365 days

**Graduated Driver’s License*****Learner stage***

- Minimum entry age: 14
- Minimum learner stage period: 6 months
- Minimum supervised driving requirement: 20 hours, of which 2 must be at night

***Intermediate stage***

- Minimum age: 16
- Unsupervised night driving
  - Prohibited after: 12:30 a.m.
  - Primary enforcement of the night-driving rule
- No passenger restrictions

***License stage***

- Minimum age to lift restrictions: 17

*Note:* In addition to the supervised driving requirement at the learner’s stage, Iowa requires an intermediate license holder to complete 10 hours of supervised driving with two of these hours being at night.

## **Laws Targeting Alcohol Suppliers**

**Furnishing of Alcohol to Minors**

Furnishing is prohibited with the following exception(s):

- Private residence AND
- Parent/guardian

**Compliance Check Protocols**

No data

**Penalty Guidelines for Sales to Minors**

- Time period/conditions: Second offense, 2 years; third and subsequent offenses, 3 years
- First offense: \$500 fine or 14-day license suspension
- Second offense: \$1,500 fine and 30-day license suspension
- Third offense: \$1,500 fine and 60-day license suspension
- Fourth offense: License revocation

*Note:* Affirmative defense possible for licensees when the employee guilty of the violation has successfully completed the Iowa Program for Alcohol Compliance Training prior to the violation

occurring. A violation involving a sale to a person under age 18 does not qualify for affirmative defense. A licensee may only use affirmative defense once in a 4-year time period.

### **Responsible Beverage Service**

#### ***Voluntary beverage service training***

- Applies to both on-sale and off-sale establishments
- The law does not specify new or existing outlets
- Mitigation of fines or other administrative penalties for sales to minors
- Protection against license revocation for sales to minors

*Note:* Mitigation of penalties incentive does not apply if a sale is made to a minor under age 18.

### **Minimum Ages for Off-Premises Sellers**

- Beer: 16
- Wine: 16
- Spirits: 18

### **Minimum Ages for On-Premises Sellers**

- Beer: 18 for both servers and bartenders
- Wine: 18 for both servers and bartenders
- Spirits: 18 for both servers and bartenders

### **Distance Limitations for New Alcohol Outlets near Universities and Schools**

#### ***Colleges and universities***

- No distance limitation

#### ***Primary and secondary schools***

- No distance limitation

### **Dram Shop Liability**

Statutory liability exists subject to the following conditions:

- Limitations on who may sue: Retailers that furnish alcohol for off-premises consumption are exempt.
- Limitations on elements/standards of proof: Retailer should have known that minor was intoxicated or was going to become intoxicated.

### **Social Host Liability Laws**

Statutory liability exists subject to the following conditions:

- Limitations on elements/standards of proof: Social host should have known that minor was intoxicated or was going to become intoxicated.

### **Host Party Laws**

No state-imposed liability for hosting underage drinking parties

### **Retailer Interstate Shipments of Alcohol**

Retailer interstate shipments are prohibited for all types of beverages.

**Direct Sales/Shipments of Alcohol by Producers**

- Producer/shipper must obtain state permit.
- State must approve common carrier.

***Reporting requirements***

- Common carrier must record/report purchaser's name.

***Shipping label statement requirements***

- Contains alcohol
- Recipient must be 21

**Keg Registration**

- Keg definition: 5 or more gallons
- Prohibited: Destroying the label on a keg—maximum fine/jail \$625/30 days
- Purchaser information collected:
  - Purchaser's name and address
  - Verified by a government-issued ID
- Warning information to purchaser: passive—no purchaser action required
- Deposit required
- Provisions specifically address disposable kegs

**Home Delivery**

- Beer: Permitted
- Wine: Permitted
- Spirits: Permitted

**Alcohol Pricing Policies****Alcohol Tax*****Beer (5 percent alcohol)***

## Iowa State Survey Responses

<b>State Agency Information</b>	
<i>Agency with primary responsibility for enforcing underage drinking laws:</i>	
Iowa Department of Public Safety, Iowa State Patrol	
Methods by which local and state enforcement agencies coordinate their efforts to enforce laws prohibiting underage drinking: There is no single state alcohol agency for enforcement in Iowa. The Iowa State Patrol works closely with local law enforcement agencies to conduct projects involving underage drinking. Strong working relationships have enabled the program to make a difference in communities across Iowa. The Division of Criminal and Juvenile Justice Planning in the Iowa Department of Human Rights receives Enforcing Underage Drinking Laws (EUDL) grant funds, and part of those funds are used by the State Patrol and other local law enforcement agencies to conduct compliance checks and other underage drinking education efforts. Some community coalitions also fund compliance checks. The Alcoholic Beverages Division (ABD) of the Iowa Department of Commerce also partners with local law enforcement when following up on a complaint or an investigation.	
<b>Enforcement Strategies</b>	
<i>State law enforcement agencies use:</i>	
Cops in Shops	No

<b>Additional Clarification</b>	
<p>The alcohol compliance check data are based on the EUDL-funded checks through the Department of Human Rights, Division of Criminal and Juvenile Justice Planning, and the Iowa State Patrol. The Alcoholic Beverages Division of the Department of Commerce conducts compliance checks but does not have law enforcement authority. These checks are for more issues than underage drinking so the data were not included in the total. Through community coalitions and community-based agencies, more compliance checks are occurring, but Iowa does not have a centralized reporting system.</p>	

<sup>1</sup> Or having consumed or purchased per state statutes.

<sup>2</sup> Underage compliance checks/decoy operations to determine whether alcohol retailers are complying with laws prohibiting sales to minors.

Within the first year of implementation, 13,000 users logged on and took the training to receive their certificate, which is good for 2 years. The overall goal of I-PACT is increased voluntary compliance with the state's alcohol laws through education and enforcement. The core objective of the program is to prevent illegal sales of alcohol by educating alcohol sellers and increasing awareness of changes in Iowa's liquor laws. The program asks that a PACT is made by Iowa kids not to consume alcohol, Iowa retailers not to sell alcohol to minors, Iowa licensees not to serve alcohol to patrons under 21, and Iowa's law enforcement to enforce alcohol laws.</p>

<p><b>Program Description:</b> PRIME for Life, from the Iowa Department of Education, is an alcohol and drug program designed to challenge common beliefs and attitudes that directly contribute to high-risk use of alcohol and other drug use. This state-mandated program is required for all individuals (regardless of age) convicted of operating while intoxicated (OWI) in Iowa. The program goals are to reduce the risk for health problems and impairment problems. PRIME for Life's intervention component focuses on self-assessment to help people understand and accept the need for change. PRIME for Life is recognized as an evidence-based program on SAMHSA's National Registry of Evidence-Based Programs and Practices (NREPP). During FY 2012, 13,793 offenders took PRIME for Life courses from 1 of 51 agencies statewide. Approximately 1,267 recipients were 20 years old or younger. The program is for offenders only; parents and caregivers are not included.</p>

<p><b>Program Description:</b> The Iowa Department of Public Health (IDPH) funds 18 community-based agencies for 23 service areas, which collectively cover all 99 Iowa counties. These comprehensive substance abuse prevention contracts are funded by the prevention portion of the Substance Abuse Prevention and Treatment (SAPT) Block Grant and some state appropriations. Among the services provided are diversion programs in most of the 23 service areas. A diversion program is for youth who have received a minor-in-possession charge or other alcohol offense (except OWI). If the youth successfully completes the program, then he or she may be diverted from the court system. The programs have different names, such as "Rethinking Drinking" or "Juvenile Education Group (JEG)," and vary somewhat as to the number of sessions and whether a parent or guardian is required to attend. Not all the programs require a parent or guardian to attend.</p>

<b>Program Description:</b> Through the SAPT Block Grant, the Iowa Department of Public Health funds Comprehensive Substance Abuse Prevention contracts. The contracts collectively cover all 99 Iowa counties. In FY 2012 some state funds and some other funds from fees were included in the contracts. One of the main services provided is alcohol, tobacco, and other drug education programs in school and community settings. Many are small-group, recurring-service (multiple sessions), evidence-based programs. Some of the names of the evidence-based programs include LifeSkills Training Program, Project ALERT, Project Towards No Tobacco Use, Project Towards No Drug Abuse, All Stars, and Too Good For Drugs. Other prevention strategies are included under this funding as well. Since the funding covers alcohol and other drugs, data on youth served specific to underage drinking are not available. For all the funding combined, 97,948 youth were served.

<b>Program Description:</b> The Iowa Department of Public Health receives state appropriations to fund the Prevention Through Mentoring contracts, which create new and support existing community youth mentoring programs. The program supports the state goals of primary prevention of the use or abuse of alcohol, tobacco, and other drugs. Other funding from fees from Sunday liquor permits is used by IDPH for the Youth Mentoring contracts. These also establish or sustain mentoring programs that promote relationship building and social skills development, use elements of effective practice as established by the National Mentoring Partnership, and promote a positive perception of caring adults in the community.

<p><b>Program Description:</b> This IDPH program provides evidence-based substance abuse prevention programming for youth (ages 5 to 18) that includes out-of-school time activities and opportunities for character development, youth development, leadership, and community service. The youth development approach is a way of working with young people that calls for providing youth the developmental experiences shown to promote a healthy transition toward adulthood. The objectives are to provide evidence-based youth development programming effective in reducing substance abuse in children, and to provide specific out-of-school youth development and service opportunities in the community. The funding is from state appropriations.</p>

<p><b>Program Description:</b> In 2009, IDPH received the SPF SIG funded by SAMHSA, a 5-year grant to prevent the onset and reduce the progression of substance abuse including childhood and underage drinking, reduce substance abuse-related problems in communities, and build prevention capacity and infrastructure at the state, Tribal, and community levels. SPF is a five-step process that assists states in developing a comprehensive plan and supports selected communities in implementing effective programs, policies, and practices. One of the two data-driven priorities for Iowa is underage drinking. Environmental strategies have been implemented in 23 Iowa counties selected based on needs data. No local service data are available at this time, and data on youth, parents, and caregivers served are not collected.</p>

<p><b>Program Description:</b> This IDPH grant program funds community coalitions to provide environmental substance abuse prevention strategies to reduce underage use of alcohol in communities. Coalitions receive up to \$3,000 from state appropriations for 1 year. Coalitions currently receiving funding from any state or federal agency in a cumulative amount of greater than \$10,000 are not eligible. In state fiscal year FY 2012, four coalitions were funded by IDPH. No numbers of youth or adults served were required in the year-end report. Additionally, 14 Iowa communities receive Drug-Free Communities (DFC) Support Program Grants or DFC Mentoring Grants from the Office of National Drug Control Policy (ONDCP) and SAMHSA. Much of their work is to prevent and reduce underage drinking, and it affects overall underage drinking efforts in Iowa. Several of the SAPT Block Grant-funded agencies work very closely with them. Also, Iowa has an Alliance of Coalitions for Change (AC4C), a network of substance abuse prevention coalitions that have quarterly retreats and share strategies to reduce underage drinking. More information about DFCs is available from SAMHSA and ONDCP.</p>

Best practice standards description: The best practice standards relate specifically to selecting and implementing evidence-based interventions following the Strategic Prevention Framework. Strategic Prevention Framework (SPF) Definitions of “Evidence-Based” include interventions in one or more of the following three categories: (a) Included in Federal registries, (b) Reported (with positive effects on the primary targeted outcome) in peer-reviewed journals, or (c) Documents effectiveness supported by other sources of information and the consensus judgment of informed experts as specified in the guidance document U.S. Department of Health and Human Services, Identifying and Selecting Evidence-Based Interventions.	

**Additional Clarification**

Additional information about best practice standards: The Iowa Department of Public Health sponsored Evidence-Based Practice Workgroup, a subcommittee for the SPF SIG Advisory Council, made the recommendation to the Council to adopt the SAMHSA CSAP Guidance document (cited above) to define Evidence-Based Interventions. The Council supported the recommendation. The guidance is used for SPF SIG contracts and also for other state and federal funding administered by IDPH. Not all other agencies may specify using evidence-based programs and practices when funding contracts for prevention, but since underage drinking is a priority for the SPF SIG counties and for other funding, the guidance serves the majority of prevention contracts.

<b>Additional Clarification</b>	
The previous state-level Underage Drinking Task Force voted to combine with the SPF SIG Advisory Council at least for the remainder of the SPF SIG project period. Representation on the two groups had started to overlap. The Iowa Governor’s Office of Drug Control Policy produces the Iowa Drug Control Strategy as a required annual report to the legislature and the general public. The Strategy describes substance abuse and related issues and includes underage alcohol use but does not report separately about underage drinking services. The State Epidemiological Workgroup produces an Epidemiological Profile every 2 years that includes data about underage alcohol use, but does not include services data.

Some Iowa Department of Public Health prevention contracts are funded by fees generated from Sunday beer and liquor permits.

### **Additional Clarification**

The Governor's Office of Drug Control Policy produces the Iowa Drug Control Strategy as a required annual report to the legislature and the general public. The Strategy describes funding, but allocations are not broken out specifically for underage drinking services. The Strategy is available at [http://www.iowa.gov/odcp/drug\\_control\\_strategy/strategy.pdf](http://www.iowa.gov/odcp/drug_control_strategy/strategy.pdf). The amount of funding provided for higher education was only from one state university. With more specific substance abuse prevention services added to the Mentoring and Youth Development programs, a portion of the funding for these programs was included in the State Expenditures Section this year. The additional funding is not new funding.
