<b>Additional Clarification</b>	
<p>In 2012, the agency conducted compliance checks in 236 municipalities across the Commonwealth. There were 2,287 licensed establishments checked, of which 78 failed (3 percent). Of these licensees, 1,001 off-premise licensees were checked, of which 47 failed (5 percent) and 1,242 on-premise licensees checked, of which 31 failed (3 percent). It should be noted that several municipalities with relatively high failure rates in 2011 either had a low failure rate or were in full compliance in 2012. Licensees found in violation of selling or furnishing alcohol to underage individuals are brought before an adjudicatory hearing before the Alcoholic Beverages Control Commission. If found guilty, they are issued a penalty, which can range from a warning to a license suspension. Most are allowed to pay a fine in lieu of suspension, which is statutorily based on their alcohol sales. In 2012, 155 licensees appeared before the commission; 38 received a warning, 69 received a license suspension that was held in abeyance providing they had no further violations of the Liquor Control Act, and 44 received a suspension of their license, of which 19 paid a fine in lieu of, with the balance serving the suspension.</p>

Regarding compliance check expenditures, this is a grant from the Executive Office of Public Safety for Compliance Checks/Decoy operations. Regarding checkpoints and saturation patrols expenditures, this is a specific state budget line item dedicated to this enforcement: "For the costs associated with the investigation and enforcement division of the alcoholic beverages control commission's implementation of the enhanced liquor enforcement programs, known as Safe Campus, Safe Holidays, Safe Prom and Safe Summer; provided, that funds from this appropriation shall not support other operating costs of item 0610-0050 ..... \$150,000." Since 2005, investigators have conducted these programs with the following results: 4,250 minors in possession or transporting alcoholic beverages; 2,119 adults procuring alcohol for minors; 491 individuals in possession of false identification; and 2,348 cases of beer and 1,564 bottles of alcohol confiscated by investigators. Based on the national standard for determining "binge drinking," this prevented delivery to approximately 29,684 underage individuals.

All of the programs that target underage drinking prevention are funded either through the Prevention portion of the SAMHSA Block Grant or through specific federal grant funding.
