Other:	No data
<i>Description of funding streams and how they are used:</i>	
A portion (approximately 40 percent) of annual state alcohol excise tax revenue is allocated, by statute, to county-level local DWI prevention programs. These county programs allocate these funds, in turn, to treatment, prevention, law enforcement, compliance monitoring, and other activities, of which prevention is a substantial portion (roughly 20 percent of the total in FY 2013). Of the funds allocated for prevention, roughly 60 percent are allocated for underage drinking prevention.	

**Additional Clarification**

The Office of Substance Abuse Prevention receives no state funds for prevention of underage drinking.
