Laws Addressing Minors in Possession of Alcohol

Underage Possession of Alcohol
Possession is prohibited with the following exception(s):
• Parent/guardian

Underage Consumption of Alcohol
Consumption is not explicitly prohibited.

Internal Possession by Minors
Internal possession is not explicitly prohibited.

Underage Purchase of Alcohol
Purchase is NOT prohibited and there is no specific allowance for youth purchase for law enforcement purposes.

Note: New York does not have a statute that specifically prohibits purchase, but it does prohibit purchasing or attempting to purchase alcohol by using false evidence of age.

False Identification for Obtaining Alcohol

Provision(s) targeting minors
• Use of a false ID to obtain alcohol is a criminal offense.
• Penalty may include driver’s license suspension through a judicial procedure.

Provision(s) targeting retailers
• State provides incentives to retailers who use electronic scanners that read birthdate and other information digitally encoded on valid identification cards.
• Licenses for drivers under age 21 are easily distinguishable from those for drivers age 21 and older.
• Specific affirmative defense—the retailer inspected the false ID and came to a reasonable conclusion based on its appearance that it was valid.

Laws Targeting Underage Drinking and Driving

BAC Limits: Youth (Underage Operators of Noncommercial Motor Vehicles)
• BAC limit: 0.02
• BAC level at or above the limit is per se (conclusive) evidence of a violation
• Applies to drivers under age 21

Loss of Driving Privileges for Alcohol Violations by Minors (“Use/Lose Laws”)
No use/lose law

Graduated Driver’s License

Learner stage
• Minimum entry age: 16
• Minimum learner stage period: 6 months
• Minimum supervised driving requirement: 50 hours, of which 15 must be at night

**Intermediate stage**
• Minimum age: 16 years, 6 months
• Unsupervised night driving
  – Prohibited after: 9 p.m.
  – Primary enforcement of the night-driving rule
• Passenger restrictions exist: No more than one passenger under 21 who is not an immediate family member, unless accompanied by parent or instructor
  – Primary enforcement of the passenger-restriction rule

**License stage**
• Minimum age to lift restrictions: 17

*Note:* New York has certain regional restrictions that apply to the five boroughs of New York City and Nassau, Suffolk, Westchester, Rockland, and Putnam counties. These restrictions are not provided here. The New York DMV will issue a limited-use junior license to a junior driver (under 18) who passes a road test during the first 6 months (i.e., within the mandatory 6-month holding period) after the learner permit was issued. A limited-use junior license allows the junior driver to drive without supervision between 5 a.m. and 9 p.m. and within specific geographical boundaries for purposes related to school, employment, medical care, or child care. This would then convert to an intermediate-stage license at the end of the mandatory 6-month holding period.

### Laws Targeting Alcohol Suppliers

**Furnishing of Alcohol to Minors**
Furnishing is prohibited—no explicit exceptions noted in the law.

**Compliance Check Protocols**

**Age of decoy**
• Minimum: 18
• Maximum: 20.5

**Appearance requirements**
• Should look age-appropriate

**ID possession**
• Discretionary

**Verbal exaggeration of age**
• Permitted

**Decoy training**
• Mandated

**Penalty Guidelines for Sales to Minors**
• Time period/conditions: 5 years
• First offense: $3,000, if the minor was 19 years old or older; $3,500 if the minor was at least 16 years old
Note: If the licensee has been licensed for at least 5 years, the proposed penalty may be reduced by $500. If the licensee is a package or wine store, the proposed penalty must be increased by $500.

Responsible Beverage Service

Voluntary beverage service training
- Applies to both on-sale and off-sale establishments
- The law does not specify new or existing outlets

Incentive for training
- Mitigation of fines or other administrative penalties for sales to minors

Note: In certain proceedings to revoke, cancel, or suspend a retail license based on furnishing to a minor, it can be an affirmative defense that at the time of the violation the person who committed the alleged violation held a valid certificate of completion or renewal from an entity authorized to give and administer an alcohol training awareness program, and that the licensee had diligently implemented and complied with all of the provisions of the approved training program. The licensee is required to prove each element of the affirmative defense by a preponderance of the credible evidence.

<td>Best practice standards description: For almost two decades, OASAS has promoted the improvement of New York State’s substance abuse prevention system performance through endorsing evidence-based programs and strategies (EBPS). OASAS has established policy standards for delivery for EBPS requiring providers to dedicate an increasing percentage of their OASAS funding to the delivery of EBPS. For 2012, a minimum of 40 percent of resources were to be EBP, increasing each year until reaching 70 percent in 2018. The EBP service approaches include multicomponent programs with educational curricula and also environmental strategies that reduce underage drinking and its consequences. Under the leadership of prevention scientist Dr. Barry Donovan and guided by the SAMHSA Strategic Prevention Framework State Incentive Grant (SPF-SIG) initiative, a statewide EBP Review Panel of researchers designed and implemented a Registry of Effective programs and Strategies (REPS) to help guide providers in selecting EBPS. An NY-REPP Review Panel, comprised of prevention specialists, rates the quality of research evidence that underlies the prevention programs and environmental strategies for NY providers.</td>

Additional Clarification

Federally funded efforts such as the EUDL grant and SPF SIG were not identified, as the directions requested state-funded program information only. EUDL dollars in 2012 were devoted to statewide training on environmental prevention to prevent underage drinking. Participants represented law enforcement, prevention, and community coalitions.
