## Laws Addressing Minors in Possession of Alcohol

### Underage Possession of Alcohol

Possession is prohibited—no explicit exceptions noted in the law.

*Note:* Kansas has an exception permitting persons under 21 years old to possess alcohol, but the exception applies only to cereal malt beverages (defined as any fermented but undistilled liquor brewed or made from malt or from a mixture of malt or malt substitute, but not including any such liquor that is more than 3.2 percent alcohol by weight [ABW]).

### Underage Consumption of Alcohol

Consumption is prohibited—no explicit exceptions noted in the law.

*Note:* Kansas has an exception permitting persons under 21 years old to consume alcohol, but the exception applies only to cereal malt beverages (defined as any fermented but undistilled liquor brewed or made from malt or from a mixture of malt or malt substitute, but not including any such liquor that is more than 3.2 percent ABW).

### Internal Possession by Minors

Internal possession is prohibited—no explicit exceptions noted in the law.

*Note:* Kansas has an exception permitting persons under 21 years old to possess or consume alcohol but the exception applies only to cereal malt beverages (defined as any fermented but undistilled liquor brewed or made from malt or from a mixture of malt or malt substitute, but not including any such liquor that is more than 3.2 percent ABW).

### Underage Purchase of Alcohol

Purchase is prohibited, but youth may purchase for law enforcement purposes.

### False Identification for Obtaining Alcohol

#### *Provision(s) targeting minors*

- Use of a false ID to obtain alcohol is a criminal offense.
- No driver's license suspension procedure.

#### *Provision(s) targeting suppliers*

- It is a criminal offense to lend, transfer, or sell a false ID.

#### *Provision(s) targeting retailers*

- Licenses for drivers under age 21 are easily distinguishable from those for drivers age 21 and older.
- Specific affirmative defense—the retailer inspected the false ID and came to a reasonable conclusion based on its appearance that it was valid.

## Laws Targeting Underage Drinking and Driving

### BAC Limits: Youth (Underage Operators of Noncommercial Motor Vehicles)

- BAC limit: 0.02
- BAC level at or above the limit is per se (conclusive) evidence of a violation
- Applies to drivers under age 21

## Loss of Driving Privileges for Alcohol Violations by Minors (“Use/Lose Laws”)

Use/lose penalties apply to minors under age 21.

### *Type(s) of violation leading to driver’s license suspension, revocation, or denial*

- Underage purchase
- Underage possession
- Underage consumption

### *Authority to impose driver’s license sanction*

- Mandatory

### *Length of suspension/revocation*

- 30 days

## Graduated Driver’s License

### *Learner stage*

- Minimum entry age: 14
- Minimum learner stage period: 12 months
- Minimum supervised driving requirement: 50 hours, of which 10 must be at night

### *Intermediate stage*

- Minimum age: 16
- Unsupervised night driving
  - Prohibited after: 9 p.m.
  - Primary enforcement of the night-driving rule
- Passenger restrictions exist: No more than one passenger under 18 who is not an immediate family member
  - Primary enforcement of the passenger-restriction rule

### *License stage*

- Minimum age to lift restrictions: 16 years, 6 months

*Note:* Kansas has a “restricted license” that allows unsupervised 15-year-olds to drive to and from school or work using the most direct route possible. They must have completed driver’s education, held an instruction permit for 12 months, completed 25 hours of supervised driving with an additional 25 hours of driving prior to age 16, and obtained parental consent. They must not operate the vehicle with nonsibling minor passengers.

## Laws Targeting Alcohol Suppliers

### **Furnishing of Alcohol to Minors**

Furnishing is prohibited—no explicit exceptions noted in the law.

*Note:* Kansas has an exception permitting the furnishing by a parent or legal guardian to a child or ward, but the exception applies only to cereal malt beverages (defined as any fermented but undistilled liquor brewed or made from malt or from a mixture of malt or malt substitute, but not including any liquor that is more than 3.2 percent ABW).

<b>Program Description:</b> AlcoholEdu for High School is an online, interactive, alcohol education and prevention course designed to increase alcohol-related knowledge, discourage acceptance of underage drinking, and prevent or decrease alcohol use and its related negative consequences. Although high schools typically administer the course to their entire freshman class each year, the course can be used with other high school populations as well. By implementing the program at the population level, schools expose students to a consistent message, ultimately creating a common body of knowledge and a shared experience that helps establish a social safety net among students. The program includes a precourse assessment measuring knowledge, attitudes, and behaviors, followed by three 30-minute lessons, a postcourse assessment, and a 30-day (or more) follow-up review of key course concepts and follow-up assessment. The three lessons address alcohol’s effects on the body and impairments produced at various blood alcohol concentrations; alcohol’s effects on the mind, including brain development, blackouts, hangovers, and risk taking; and factors that influence decisions about drinking and strategies for making healthy choices. Brief lecture formats present current research, and interactive exercises personalize and reinforce the information. The course, which requires minimal teacher involvement, may be assigned as an outside project or completed in a school’s computer lab. Students can progress through the program at their own pace. Although students have unlimited access to the course materials throughout the academic year, schools are encouraged to tie the course to something that is meaningful to the students, such as a test or project grade, access to a school event, or participation in extracurricular activities. The three lessons are typically completed within 1 to 3 weeks. Students may use their accounts throughout the academic year to access alcohol-related web links or revisit any of the different interactive exercises.

<b>Program Description:</b> The Strengthening Families Program: For Parents and Youth 10–14 is a family skills training intervention designed to enhance school success and reduce youth substance use and aggression among 10- to 14-year-olds. It is theoretically based on several etiological and intervention models including the biopsychosocial vulnerability, resiliency, and family process models. The program includes seven 2-hour sessions and four optional booster sessions in which parents and youth meet separately for instruction during the first hour and together for family activities during the second hour. The sessions provide instruction for parents on understanding the risk factors for substance use, enhancing parent-child bonding, monitoring compliance with parental guidelines and imposing appropriate consequences, managing anger and family conflict, and fostering positive child involvement in family tasks. Children receive instruction on resisting peer influences to use substances. Sessions, which are typically held once a week, can be taught effectively by a wide variety of staff.

<b>Program Description:</b> Positive Action is an integrated and comprehensive program designed to improve academic achievement, school attendance, and problem behaviors such as substance use, violence, suspensions, disruptive behaviors, dropping out, and sexual behavior. It is also designed to improve parent-child bonding, family cohesion, and family conflict. Positive Action has materials for schools, homes, and community agencies. All materials are based on the same unifying broad concept (one feels good about oneself when taking positive actions) with explanatory subconcepts (positive actions for the physical, intellectual, social, and emotional areas) that elaborate on the overall theme. The program components include grade-specific curriculum kits for kindergarten through 12th grade, drug education kits, a conflict resolution kit, sitewide climate development kits for elementary and secondary school levels, a counselor’s kit, a family kit, and a community kit. All the components and their parts can be used separately or in any combination and are designed to reinforce and support one another.

<b>Program Description:</b> This 6-hour training discusses the role of enforcement and community agencies in preventing underage drinking parties and safely dispersing them when they do occur. It describes the problem of underage drinking in general and youth drinking parties in particular. The course recognizes that to be successful, any underage drinking strategy must be supported by law enforcement, the judiciary, and the community. Consequently, the course examines not only the mechanics of successful controlled party dispersal operations but also how controlled party dispersal is part of a larger effort to focus investigations, change community perceptions, and promote joint law enforcement and community efforts. The course includes information on conducting controlled party dispersal operations, legal strategies, marketing and media, and police–community roles and relationships.
