Program Description: The mission of the RADAR Center is to provide free substance abuse prevention and addiction treatment resources to Idahoans. Funding from the Enforcing Underage Drinking Laws (EUDL) program administered by the Idaho Department of Juvenile Corrections is used specifically to support materials related to underage drinking prevention. EUDL funding is used to purchase underage drinking prevention videos and print materials and to support the operation of the Center with an emphasis on the video lending library. Additional funding support for the RADAR center came from Idaho Department of Health and Welfare, the Office of Drug Policy, and the State Millennium Fund.

Resource materials at RADAR are available to any Idaho resident, but the underage drinking videos are primarily borrowed by middle and high school educators and school counselors and substance use treatment providers. Therefore, the population for underage drinking materials is primarily middle and high school students. The RADAR Center keeps track of the number of youth and adults who view these videos. Print materials purchased with EUDL funds are tracked when they are disseminated. The Center also keeps track of the number of youth (18 and under) and adults expected to be exposed to the materials.
