⁵ Does not include suspensions imposed by local agencies.

⁶ Does not include revocations imposed by local agencies.

Underage Drinking Prevention Programs Operated or Funded by the State

Partners in Prevention (PIP)

Program serves specific or general population	Specific population
Number of youth served	122,000
Number of parents served	30,000
Number of caregivers served	No data
Program has been evaluated	Yes
Evaluation report is available	Yes
URL for evaluation report:	Upon request
URL for more program information:	No data

Program Description: Missouri PIP is an established statewide substance abuse prevention coalition of Missouri universities implementing evidence-based strategies to reduce binge and underage drinking among students at participating institutions. PIP is a consortium of 21 public and private colleges and universities. Since 2001, PIP has effectively reduced binge drinking and underage drinking behavior on campuses throughout the state and has been nationally recognized for its efforts.

Missouri's Youth Adult Alliance (MYAA)

Program serves specific or general population	Specific population
Number of youth served	697
Number of parents served	915
Number of caregivers served	No data
Program has been evaluated	Yes

Evaluation report is available	Yes
URL for evaluation report:	Upon request
URL for more program information:	http://www.actmissouri.org/about-myaa

Program Description: Missouri's MYAA is a statewide coalition that assists local community efforts in addressing underage drinking. Its mission is to encourage advocates to reduce youth access to alcohol by implementing environmental and social change in their communities. Membership in MYAA includes other agencies as well as other adults and youth interested in reducing underage drinking.

Missouri School-based Substance Abuse Prevention Intervention and Resources Initiative (SPIRIT)

Program serves specific or general population	Specific population
Number of youth served	7,855
Number of parents served	7,855
Number of caregivers served	No data
Program has been evaluated	Yes
Evaluation report is available	Yes
URL for evaluation report:	http://dmh.mo.gov/ada/progs/spiritreports.html
URL for more program information:	http://dmh.mo.gov/ada/progs/spirit.html

Program Description: In 2002, the Missouri Department of Mental Health (DMH), Division of Alcohol and Drug Abuse (ADA), launched SPIRIT. This project proposes to delay the onset and decrease the use of substances, improve overall school performance, and reduce incidents of violence. To achieve these goals, prevention agencies are paired with participating school districts to provide technical assistance in implementing evidence-based substance abuse prevention programming and referral and assessment services as needed. The project offers a variety of evidence-based prevention programs selected by the districts.

Regional Support Center (RSC) Network and Community Coalitions

Program serves specific or general population	General population
Number of youth served	Not applicable
Number of parents served	Not applicable
Number of caregivers served	Not applicable
Program has been evaluated	No
Evaluation report is available	Not applicable
URL for evaluation report:	Not applicable
URL for more program information:	No data

Program Description: RSCs are the primary sources of technical assistance support for community coalitions. The RSCs' goal is to facilitate development of teams capable of making changes in substance use patterns in their communities. Each RSC has a prevention specialist who works directly with the teams in his/her area and assists with developing teams and task forces in communities that want them. The coalitions make up a network of volunteer community teams that focus solely on alcohol, tobacco, and drug issues as part of a broad mission and/or array of services. The coalitions were organized and developed in 1987 and are composed of community volunteers from the areas served. Each coalition receives technical assistance and training from the RSC on a variety of topics related to organization, development, and implementation of prevention strategies. The RSC and community coalitions implement various evidence-based strategies and programs.

Direct Prevention Services for High-Risk Youth

Program serves specific or general population	Specific population
Number of youth served	14,801
Number of parents served	No data
Number of caregivers served	No data
Program has been evaluated	No
Evaluation report is available	Not applicable
URL for evaluation report:	Not applicable
URL for more program information:	No data

Program Description: Direct programs/services for high-risk youth are prevention education and early intervention activities provided to designated children, youth, and families. These services involve structured programming or a curriculum, have multiple sessions, include pre- and post-testing, and address identified risk and protective factors. Direct programs/services may also involve a variety of activities, including informational sessions and training and technical assistance activities with groups.

Additional Information Related to Underage Drinking Prevention Programs

<i>State collaborates with federally recognized tribal governments in the prevention of underage drinking</i>	No
Description of collaboration:	Not applicable
<i>State has programs to measure and/or reduce youth exposure to alcohol advertising and marketing</i>	Yes
Description of program: Missouri has many coalitions around the state that provide training and activities addressing youth exposure to alcohol advertising and marketing.	
<i>State has adopted or developed best practice standards for underage drinking prevention programs</i>	Yes
Agencies/organizations that established best practices standards:	
Federal agency(ies): SAMHSA	Yes
Agency(ies) within your state: Missouri Division of Behavioral Health	Yes
Nongovernmental agency(ies):	No
Other:	No
Best practice standards description: The Division requires providers to use evidence-based programs and environmental strategies. SAMHSA's publication, <i>Identifying and Selecting Evidence-Based Interventions for</i>	

Substance Abuse Prevention, serves as a guide that provides the following definition for evidence-based programs:

- Inclusion in a federal list or registry of evidence-based interventions
- Being reported (with positive effects) in a peer-reviewed journal
- Documentation of effectiveness based on the following guidelines:
 - The intervention is based on a theory of change that is documented in a clear logic or conceptual model.
 - The intervention is similar in content and structure to interventions that appear in registries and/or the peer-reviewed literature.
 - The intervention is supported by documentation that it has been effectively implemented in the past, and multiple times, in a manner attentive to Identifying and selecting evidence-based interventions, scientific standards of evidence, and with results that show a consistent pattern of credible and positive effects.
 - The intervention is reviewed and deemed appropriate by a panel of informed prevention experts that includes well-qualified prevention researchers who are experienced in evaluating prevention interventions similar to those under review, local prevention practitioners, and key community leaders as appropriate (e.g., officials from law enforcement and education sectors or elders within indigenous cultures).

Missouri uses the Strategic Prevention Framework model to implement the four guidelines. The process includes:

- Assessment of the community's needs and readiness.
- Capacity building to mobilize and address the needs of the community.
- Development of a prevention plan to identify the activities, programs, and strategies necessary to address the needs.
- Implementation of the prevention plan.
- Evaluation of the results to achieve sustainability and cultural competence.

Missouri identifies appropriate strategies based on validated research, empirical evidence of effectiveness, and the use of local, state, and federal key community prevention leaders such as National Prevention Network, Southwest Regional Expert Team, and SAMHSA's Center for Substance Abuse Prevention.
