Program Description: Developed by the Drug-Free Action Alliance of Ohio, the “Parents Who Host Lose the Most: Don’t be a party to teenage drinking” public awareness campaign is aimed at many well-meaning parents who think it is enough to take away car keys at their teens’ parties so the teens can’t drink and drive. Parents provide the alcohol or allow alcohol to be consumed based on the false belief that it’s a rite of passage, especially at prom and graduation parties. The campaign was developed in 2000 to educate parents about the health and safety risks of serving alcohol at teen parties and to increase awareness of and compliance with the Ohio Underage Drinking Laws and was modified to meet the needs of Wisconsin communities. Some 62 communities annually implement the campaign with cooperation from law enforcement during prom and graduation season. In 2014, the governor signed a proclamation declaring April as Teenage Drinking Awareness Month to coincide with this campaign.

Over 80 local coalitions are members of the Alliance. The Alliance is served by five Regional Prevention Centers that provide support, training, and technical assistance to community coalitions to prevent alcohol and drug abuse. These coalitions work to implement environmental strategies to prevent underage drinking, among other state priorities.

Additional Underage Drinking Prevention Programs Operated or Funded by the State

Program description: No data

Additional Clarification

Many of these questions refer to prevention "programs" that serve indicated or selected populations. Wisconsin has moved many of its services toward environmental strategies influencing population-level change through policies and strategies; thus, many of the questions requesting data on number of youth, parents, or caregivers served do not apply. In addition, Wisconsin is a "local control" state, meaning that alcohol policy is done locally (regarding licensure, sales, and enforcement). Wisconsin does not have a statewide Alcohol Control Board. Each city, town, or municipality has its own alcohol licensing board as part of local government that issues alcohol sales licenses and is also responsible for suspension or revocation of these licenses.

Additional Information Related to Underage Drinking Prevention Programs

State collaborates with federally recognized tribal governments in the prevention of underage drinking Yes

Description of collaboration: The state has worked with the tribes through the Great Lakes Inter-Tribal Council (representing Wisconsin's 11 tribes) on a state/tribal Strategic Prevention Framework State Incentive Grant, Strategic Prevention Enhancement Grant, and PFS II grant. The Wisconsin Department of Health Services (DHS) also consults on a "Tribal State Collaborative for Positive Change." The single state authority on alcohol and drug abuse and tribal leaders of Wisconsin's 11 Native American tribes collaborate on alcohol and drug abuse and mental health services. DHS provides each of Wisconsin's 11 Native American tribes with funding to support alcohol and drug abuse prevention and treatment services and behavioral health services. In addition, DHS has provided funding for a tribal epidemiological outcomes workgroup to increase tribal access to and utilization of data for strategic planning.
